

SWAMPSCOTT COMMUNITY POWER MUNICIPAL ELECTRICITY AGGREGATION PROGRAM NOTIFICATION LETTER

May 20, 2022

Dear Swampscott Electricity Service Customer,

This letter contains important information about your electricity bill.

The Town of Swampscott has an electricity program, **Swampscott Community Power**. When you participate, National Grid remains your electric utility, but you receive 100% renewable electricity, which is generated from sources like the sun and the wind.

If you received this letter and you do nothing, you will be AUTOMATICALLY enrolled in Swampscott Community Power, unless you choose not to participate. Automatic enrollment is state law.

Your opt-out request must be postmarked by June 22, 2022, to avoid automatic enrollment in Swampscott Community Power.

Swampscott Community Power is a form of group electricity purchasing known as electricity aggregation. In addition to increasing the amount of renewable energy in your electricity, participating will change your electricity supplier and the price used to calculate the supplier services portion of your National Grid electricity bill.

Swampscott has signed a contract with NextEra Energy Services to supply the Town with **100% renewable electricity, including 15% from renewable energy projects in New England**, in addition to the minimum amount required by Massachusetts law. You may alternatively choose to receive all of your electricity from renewable energy projects in New England, or to receive just the minimum amount required by Massachusetts law. Please see the back of this letter for options and pricing.

Your relationship with National Grid

If you participate in Swampscott Community Power, you will see two changes on your National Grid electricity bill: 1) NextEra Energy Services will be your electricity supplier, and 2) the Swampscott Community Power price will be used to calculate the supply service charge and will not change until November 2024. Otherwise:

- You will continue to receive your electricity bill from National Grid.
- You will continue to call National Grid if your power goes out.
- If you are on a budget plan or are eligible for a low-income rate or fuel assistance, you will continue to receive those benefits.

If you do not participate in Swampscott Community Power, the supply services portion of your electricity bill will be calculated based on National Grid's Basic Service price, and National Grid's price will change every 6 months (for residential and commercial accounts) or 3 months (for industrial accounts).

Because future National Grid prices are not known, Swampscott Community Power cannot guarantee savings when compared with National Grid's Basic Service price.

National Grid's fixed Basic Service prices change every 6 months for residential and commercial accounts and every 3 months for industrial accounts. National Grid prices will next change on November 1, 2022, for residential and commercial accounts, and on August 1, 2022, for industrial accounts.
Exit terms	Leave any time. No exit charge. However, industrial customers only (rates G-2 and G-3) on the fixed price Basic Service option may receive a billing adjustment, which may be either a credit or a charge.

* Program prices include a \$0.001/kWh administration charge. Program prices could increase as a result of a change in law that results in a direct, material increase in costs during the term of the electricity supply agreement.

Important

If you have already signed a contract with an electricity supplier: If you received this letter *and also* you have an electricity supply contract that you wish to retain, you **must** opt out of this program. If you do not opt out, your current electricity supply contract may be cancelled, and you may be charged an early termination fee by your existing electricity supplier.

If your organization is tax exempt: Taxes will be billed as part of the program's power supply charge. Customers are responsible for identifying and requesting an exemption from the collection of any tax by providing appropriate tax exemption documentation to NextEra Energy Services. Visit SwampscottCommunityPower.com for more information.

If you have any additional questions, please do not hesitate to visit SwampscottCommunityPower.com or contact customer support at swampscott@masspowerchoice.com or 1-844-483-5004. Our Town consultants will be happy to help you.
