

TOWN ELECTRICITY PROGRAM NOTIFICATION LETTER

April 21, 2023

Dear Greenfield Electricity Service Customer,

This is a notification about our City's electricity program, the **Greenfield Light & Power Program**. Through the program, you will automatically receive all of your electricity from renewable energy sources. The program offers options that let you choose where your renewable energy comes from. Please see the back of this letter for prices and other details.

If you received this letter, you will be AUTOMATICALLY enrolled in the Greenfield Light & Power Program, unless you choose not to participate.

If you choose not to participate in Greenfield Light & Power, your opt-out request must be postmarked by **May 24, 2023, to avoid automatic enrollment in the program.**

The Greenfield Light & Power Program is a form of group electricity purchasing known as electricity aggregation. In the program, the City uses the bulk purchasing power of the community to choose an electricity supplier.

- **If you participate**, Eversource will remain your electric utility. You will continue to receive your electric bill from them and call them if the power goes out. You will see Dynegy listed on your bill as your electricity supplier, and Eversource will use the Greenfield Light & Power price to calculate the Supply charge on your bill.
- **If you choose not to participate**, Eversource will continue to calculate the Supply charge on your bill using their Basic Service price, as they do now.

If you are eligible for a low-income rate or fuel assistance, you will continue to receive those benefits as a participant in the Greenfield Light & Power Program.

Program benefits

Cleaner electricity - Your electricity will be powered completely by renewable electricity, which means it is generated from sources like the sun and the wind.

Consumer protections - You will receive consumer protections, such as the ability to leave the program at any time.

Stable prices - Your electricity supply price will remain the same and will not change until January 2024. Price stability makes the program different from Eversource's Basic Service, which you have now. Eversource's prices change every 6 months for residential and small business accounts and every 3 months for medium and large business accounts. Price stability also makes the program different from many commercial offers that you may receive by mail or by phone.

Please note: Because Eversource's Basic Service prices change and their future prices are not known, Greenfield Light & Power cannot guarantee to provide savings when compared with Eversource.

Program Price

9.879 ¢/kWh

residential and small, medium,
and large business customers

Compare to Eversource's current Basic Service prices on the back. ▶

Don't want to participate?

You don't have to. There is no penalty or fee to opt out of the program, and you may do so at any time.

To opt out before being enrolled, do one of the following by **May 24, 2023**:

- ▶ Sign and return the enclosed postcard (must be postmarked no later than **May 24, 2023**)
- ▶ Call Customer Support at 1-844-483-5004
- ▶ Opt out online at GreenfieldLightandPower.com.

You may also try the program and opt out at any time in the future with no penalty.

Program options & pricing

To choose either the Local Green option or the Budget option, please visit [GreenfieldLightandPower.com](https://www.GreenfieldLightandPower.com) and click "Options & Pricing," or call customer support with Greenfield's program consultants at **1-844-483-5004**.

The Commonwealth of Massachusetts requires that all electricity supply products include a minimum of 59.2% from renewable energy resources in 2023, including 22% from premium renewable energy projects in the New England region (MA Class I RECs). All Greenfield Light & Power Program options exceed that minimum requirement.

1. If you do nothing, you will be automatically enrolled in STANDARD:	9.879 ¢/kWh*
▶ 100% renewable energy, primarily from wind projects outside of New England. Includes an additional 5% from premium renewable energy projects in the New England region (MA Class I RECs), over and above the minimum 22% required by state law.	residential, and small, medium, & large business
2. If you want to receive 100% local renewable electricity, choose LOCAL GREEN:	13.281 ¢/kWh*
▶ 100% renewable electricity, all from premium renewable energy projects in the New England region (MA Class I RECs).	residential, and small, medium, & large business
3. If you want 100% renewable electricity at the lowest program price, choose BUDGET:	9.629 ¢/kWh*
▶ 100% renewable energy, primarily from wind projects outside of New England. Includes only the minimum 22% from premium renewable energy projects in the New England region (MA Class I RECs) required by state law.	residential, and small, medium, & large business
Rate term	Enrollment - January 2024 meter read.
Exit terms	Leave any time. No exit charge.

4. If you choose to opt out, you will remain on EVERSOURCE'S BASIC SERVICE:	21.991 ¢/kWh residential
▶ 59.2% renewable energy in accordance with Massachusetts minimum renewable energy requirements.	22.515 ¢/kWh small business
	13.446 ¢/kWh medium & large business
Rate term	January 1 - June 30, 2023, for residential and small business accounts. April 1 - June 30, 2023, for medium & large business accounts. Eversource's rates will next change on July 1, 2023, for residential, small business, medium business, and large business accounts.
Exit terms	Leave any time. No exit charge. However, large C&I (rates G-2, T-4, T-2, and T-5) and street lighting customers on the fixed-priced Basic Service option may receive a billing adjustment, which may be either a credit or a charge.

* Program prices include a \$0.001/kWh administrative fee. Program prices could increase as a result of a change in law that results in a direct, material increase in costs during the term of the electricity supply agreement.

Frequently asked questions

I have received this letter, and also I have recently signed a contract with an electricity supplier. What should I do? You may have signed your contract after this mailing list was created. In that case, you must opt out if you wish to retain your current contract. If you do not opt out, your account will be enrolled in the program, which may trigger early termination fees from your electricity supplier.

I have a tax-exempt account. How can I retain my account's tax-exempt status? Taxes will be billed as part of the program's power supply charge. Customers are responsible for identifying and requesting an exemption from the collection of any tax by providing appropriate tax-exemption documentation to Dynegy. Visit [GreenfieldLightandPower.com](https://www.GreenfieldLightandPower.com) for information.

If you have any questions, please do not hesitate to contact customer support at [GreenfieldLightandPower.com](https://www.GreenfieldLightandPower.com) or **1-844-483-5004**. Our consultants will be happy to help you.
