A NOTIFICATION FROM THE TOWN OF BELLINGHAM ABOUT A CHANGE IN YOUR ELECTRICITY SUPPLY PRICE

October 10, 2023

Dear Bellingham Electricity Customer,

Bellingham Power Choice prices are coming down.

Your electricity account is enrolled in Bellingham Power Choice, the Town's electricity program. The program gives you a Bellingham price for the Supply portion of your Eversource electric bill. You are enrolled at the Power Choice Standard level.

Bellingham currently has a contract with NextEra Energy Services to supply electricity to Bellingham Power Choice participants. That contract will expire in December of this year, and a new, 24-month contract with Direct Energy will go into effect. **The new contract will bring new, lower prices.**

▶ **Your new Bellingham Power Choice price: 13.95 ¢/kWh**

The new price is fixed for 24 months, from December 2023 - December 2025.

Your new electricity supply price will be **lower** than your current price, and also **lower** than Eversource's current residential Basic Service price of 16.078 ¢/kWh. Eversource's winter 2024 price is not yet known.

Please note that because Eversource's prices change and future prices are not known, savings compared with Eversource's prices cannot be guaranteed.

Your options:

- ▶ **Take no action and remain in Bellingham Power Choice.** If you wish to continue participating in Bellingham Power Choice at the Power Choice Standard level, no action is required. Your enrollment in Bellingham Power Choice will renew automatically at the new price in December 2023. You will first see the new price on your Eversource electric bill in January 2024.
- ▶ **Change to Bellingham's Power Choice Green option.** Receive all of your electricity from premium renewable sources in the New England region and none from fossil fuels.
- ▶ **Leave the program with no penalty or fee.** You are free to either return to Eversource's Basic Service pricing or sign your own contract with an electricity supplier.

To make a change, visit BellinghamPowerChoice.com or contact customer support with Bellingham's program consultants at 1-844-241-8595. Please have your Eversource electricity account number ready when you call.

Your options in Bellingham Power Choice

The chart below can help you decide whether to remain enrolled in your current option, change to the other option, or opt out and return to Eversource's Basic Service. To make a change, visit BellinghamPowerChoice.com or contact customer support with Bellingham's program consultants at 1-844-241-8595.

The Commonwealth of Massachusetts requires that all electricity supply products include a minimum of 59% from renewable or clean energy resources in 2023, 62% in 2024, and 63% in 2025. Power Choice Standard meets this requirement. Power Choice Green exceeds it.**

* Prices include a \$0.001/kWh administrative fee. Program prices could increase as a result of a change in law that results in a direct, material increase in costs during the term of the electricity supply agreement.

** Power Choice Green is a 100% MA Class I REC offering, which means it includes the minimum amount of MA Class I RECs required by law each year plus the additional amount needed to reach 100%. Bellingham's electricity supplier must also purchase other renewable energy to meet state requirements. As a result, the total of the renewable content for Power Choice Green exceeds 100%.

Tax-exempt account holders take note: You must provide appropriate tax-exemption documentation to Direct Energy in order to maintain tax-exempt status. Visit BellinghamPowerChoice.com for information on where to submit your documentation.
