A NOTIFICATION FROM THE TOWN OF WALPOLE ABOUT A CHANGE IN YOUR ELECTRICITY SUPPLY PRICE

November 13, 2023

Dear Walpole Electricity Customer,

This notice contains important information about a price change on your Eversource electric bill.

Your electricity account is enrolled in Walpole Power Choice, the Town's electricity program. The program gives you a Walpole price for the Supply portion of your Eversource electric bill. You are enrolled in the **Power Choice Green** option, which provides 100% of your electricity from renewable sources.

Walpole currently has a contract with Dynegy to supply electricity to Walpole Power Choice participants. That contract will expire in December of this year, and a new, 36-month contract with First Point Power will go into effect. **The new contract will bring new prices.**

The Dynegy contract was signed in 2020 and has kept our prices low. However, electricity supply prices have risen significantly since then because of volatility in global energy markets. Walpole Power Choice prices will move to market levels when the First Point Power contract takes effect.

► **Your new Walpole Power Choice Green price: 14.658 ¢/kWh**

The new price is fixed for 36 months, from December 2023 - December 2026.

Your new electricity supply price will be higher than your current price, but it is lower than Eversource's current residential Basic Service price of 16.078 ¢/kWh, and also lower than Eversource's current small and large business prices (available on the other side). Eversource's prices are in effect through December 31, and we do not yet know Eversource's 2024 prices. *Please note that because Eversource's prices change and their future prices are not known, future savings compared with Eversource's prices cannot be guaranteed.*

Your options:

- **Take no action and remain in Walpole Power Choice.** If you wish to continue participating in Walpole Power Choice in the Green option, no action is required. Your enrollment will renew automatically at the new price in December 2023. You will first see the new price on your Eversource electric bill in January 2024.
- **Change to another plan in the program.** You may choose to opt down to the Power Choice Standard level and receive only the minimum amount of renewable energy required by law for 13.876 ¢/kWh.
- **Leave the program with no penalty or fee.** You are free to either return to Eversource's Basic Service pricing or sign your own contract with an electricity supplier.

To make a change, visit WalpolePowerChoice.com or contact customer support with Walpole's program consultants at 1-844-379-9936. Please have your Eversource electricity account number ready when you call.

Your options in Walpole Power Choice

The chart below can help you decide whether to remain enrolled in Power Choice Green, change to Power Choice Standard, or opt out and return to Eversource's Basic Service. To make a change, visit WalpolePowerChoice.com or contact customer support with Walpole's program consultants at 1-844-379-9936.

The Commonwealth of Massachusetts requires that all electricity supply products include a minimum of 59% from renewable or clean energy resources in 2023, 62% in 2024, 63% in 2025, and 69% in 2026. Power Choice Standard meets this requirement. Power Choice Green exceeds it.

Exit terms	Leave any time. No exit charge.	Leave any time. No exit charge.	Leave any time. No exit charge. However, large C&I (rates G-3, T-2, and WR) and street lighting customers on the fixed-price Basic Service option may receive a billing adjustment, which may be either a credit or a charge.

* Prices include a \$0.001/kWh administrative fee. Program prices could increase as a result of a change in law that results in a direct, material increase in costs during the term of the electricity supply agreement.

Tax-exempt account holders, please take note: You must provide appropriate tax-exemption documentation to First Point Power in order to maintain tax-exempt status. Visit WalpolePowerChoice.com for information on where to submit your documentation.
