System Mix  Labor Information	24% of electricity associated with NextEra Energy Services Massachusetts, LLC came from power sources with union contracts and 76% came from power sources without union contracts.  2% of the electricity assigned to this electricity product came from power sources that used replacement labor during labor disputes between April 1, 2022 and March 31, 2023.									
Notes	1. Electricity customers in New England are served by an integrated power grid, not particular generating units. The above information is based on the most recently available information provided via the NEPOOL Generation Information System and the Massachusetts Department of Telecommunications and Energy. NextEra Energy Services procures its electricity supply through system power contracts, not from specific generating units.									
	<ol> <li>See your contract terms and conditions for further information on this label. You may contact NextEra Energy Services toll free at 1-855 419-5461, the Massachusetts Department of Energy Resources at 1-617-626-7300 or the Massachusetts Department of Public Utilities at 1 877-886-5066.</li> </ol>									
	3. The effective price above applies to usage between December 2022 meter read dates and December 2023 meter read dates.									
	4. For electric usage NextEra Energy Services Massachusetts retires renewable energy certificates ("RECs") in addition to the RPS requirement as follows:									
	Opt-In product: RECs representing generation from MA Class I resources in an amount equal to 78% of usage.
