

Canton Electricity Choice is a new Town electricity supply program that gives residents and businesses more choice and control over how we power our community while taking a big step toward achieving our sustainability goals. The program is a group electricity purchasing program that changes the electricity supply price on your Eversource electric bill. Nearly 170 other cities and towns in Massachusetts have similar programs.

Using the bulk buying power of our community, Canton Electricity Choice provides:

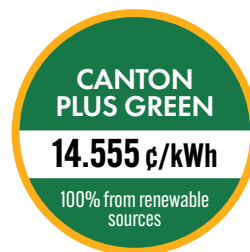

- Three options with fixed pricing for 24 months
- More renewable energy for less than Eversource's price
- Opt out anytime with no fee or penalty

Canton Electricity Choice has three options. Choose the one that's right for you.

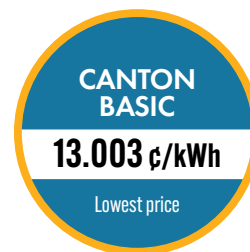

New program participants will be automatically enrolled in Canton Standard Green. Canton Plus Green and Canton Basic are available by request. Choose online or by phone.

AUTO-ENROLL

OPTION

OPTION

OPT OUT

All Canton Electricity Choice program prices are lower than Eversource's current residential Basic Service price and are fixed through June 2026.

Note that Eversource's future prices are unknown, so future savings cannot be guaranteed.

Most Canton electricity customers will be eligible for automatic enrollment.

• Have Eversource's Basic Service?

If you did not sign a private electricity supply contract, your account will be eligible for automatic enrollment, and you will receive a notification in the mail from the Town. State law requires the automatic enrollment model, but you are free to opt out before being automatically enrolled.

• Have a private electricity supply contract?

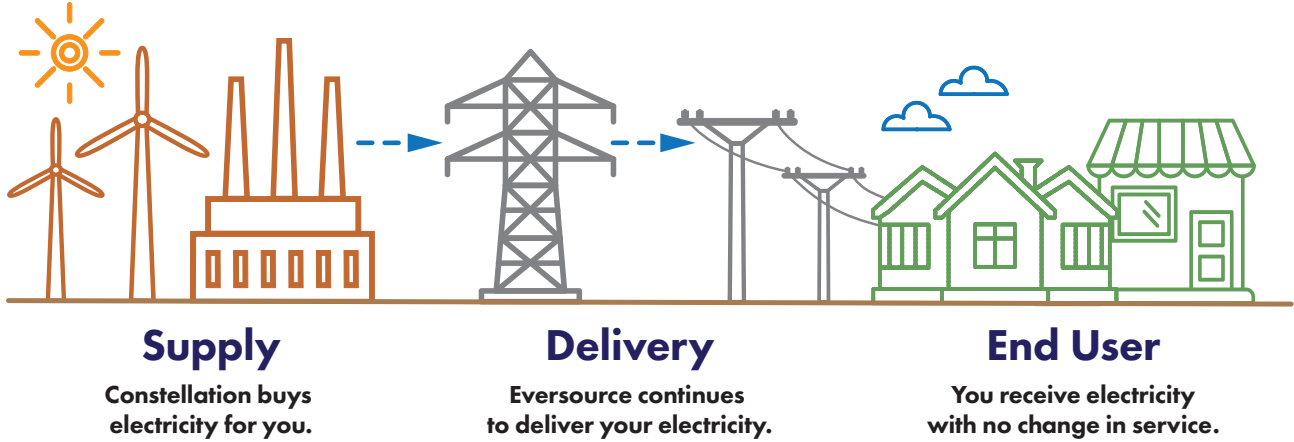

Your account will not be eligible for automatic enrollment, but you can request enrollment online at **CantonElectricityChoice.com** or by contacting customer support with the Town's program consultants at **1-844-202-6101**.

Participation is never required, and you are free to opt out at any time with no fee or penalty.

That means you can opt out before being enrolled and remain with Eversource's Basic Service price, or you can try the program and opt out later at any time.

How Canton Electricity Choice Works

Canton Electricity Choice changes your electricity supplier and the price that Eversource uses to calculate the Supply charge on your bill, which is the part of the bill where you pay for the electricity you use. But Canton Electricity Choice does not replace Eversource as Canton's electric utility, and you will remain an Eversource customer.

Just two changes on your electric bill:

Subtotal Supplier Services

1. Your electricity supplier will appear as CantonElectricityChc-Constellation.

2. Your electricity Supply price will change to a Canton Electricity Choice price.

Please note: If you have Eversource's Budget Billing, it will no longer apply to your Supply charge.

Everything else remains the same!

Eversource continues to:

- Deliver your electricity and address power outages.
- Send your electric bill and accept bill payments (this is the only electric bill you will receive as a participant).
- Provide fuel assistance or a low-income discount, if you are currently receiving these benefits.

The ONLY electricity supply program approved by and for the Town of Canton. If you don't see the Town Seal, it's not from the Town.
