TOWN OF HANOVER, MA

Town Electricity Aggregation Program Automatic Enrollment Notification

[MONTH] [DAY], 202X

Dear Hanover Electricity Customer,

This letter contains important information about the Town's new electricity program, **Hanover Energy Choice**. The program is a Town alternative to other electricity offers, but without high pressure or fees. More than 170 Massachusetts communities already have similar programs.

If you received this notice and take no action, you will be enrolled AUTOMATICALLY in Hanover Energy Choice, in accordance with state law. However, participation is not required.

If you participate, National Grid will continue to deliver your electricity and send your electric bill, but you will have a new price for the Supply Services portion of your bill. The program price is lower than National Grid's current residential Basic Service price, though future savings cannot be guaranteed. Additional benefits include stable prices, consumer protections, and choices.

**Deadline to opt out
before automatic enrollment:**

- 2 Choose the Hanover Greener option.** Receive an additional XX% of your electricity from renewable resources for XX.XXX ¢/kWh. (*Greener* means more electricity from renewable sources than the minimum required by law.)
- 3 Choose the Hanover Greenest option.** Receive all of your electricity from renewable sources for XX.XXX ¢/kWh. (*Greenest* means 100% of your electricity comes from renewable sources.)
- 4 Choose NOT to participate and remain with National Grid's Basic Service.** Residential customers that opt out will remain with National Grid's Basic Service price of XX.XXX ¢/kWh. Please see the back for National Grid's commercial and industrial prices. ►

To avoid being automatically enrolled, you must do one of the following before [MONTH] [DAY], 202X: Sign and mail the enclosed reply card, opt out online at HanoverEnergyChoice.com, or call 1-833-216-5470. You may also try the program and opt out anytime in the future. There is no penalty or fee to opt out.

All Hanover Energy Choice prices are fixed until [MONTH] 202X. In comparison, National Grid's Basic Service prices change every 6 months for residential and commercial customers and every 3 months for industrial customers.

Hanover Energy Choice offers the potential for savings compared with National Grid's Basic Service prices, but because National Grid's future prices are not known, future savings compared with National Grid cannot be guaranteed.

Changes to your bill

1. Your electricity supplier will be [SUPPLIER NAME].
2. Your Supply Services price will be a Hanover Energy Choice price instead of National Grid's Basic Service price.

Please see the back for more details. ►

Additional information

If you are eligible for a low-income discount or fuel assistance, those benefits will continue in Hanover Energy Choice.

If you have a tax-exempt account, you are responsible for identifying and requesting an exemption from the collection of any tax by providing appropriate tax-exemption documentation to [SUPPLIER NAME]. Visit HanoverEnergyChoice.com to learn more.

If you have solar panels on your roof or you participate in a community solar program, you will continue to receive solar credits and/or solar incentive payments, and participating in Hanover Energy Choice will not change how they are calculated.

If you have received this letter and also you have signed a contract with an electricity supplier, you may have signed your contract after this mailing list was created.
