

Sherborn Power Choice is a new Town electricity supply program that gives residents and businesses more choice and control over how we power our community while taking a big step toward achieving our sustainability goals. The program is a group electricity purchasing program that changes the electricity supply price on your Eversource electric bill. Nearly 170 other cities and towns in Massachusetts have similar programs.

Using the bulk buying power of our community, Sherborn Power Choice provides:

- Three electricity supply options with fixed pricing for 24 months
- More electricity from clean, renewable sources, up to 100%
- Make enrollment changes anytime

Sherborn Power Choice has three options.

Choose the electricity supply price that’s right for you.

New program participants will be automatically enrolled in Sherborn Standard. Sherborn Select and Sherborn Basic are available by request. Choose online or by phone.

All Sherborn Power Choice program prices are lower than Eversource’s current residential Basic Service price and are fixed through June 2026.

Note that Eversource’s future prices are unknown, so future savings cannot be guaranteed. Your bill also includes delivery charges, which are not impacted by Sherborn Power Choice.

Most Sherborn electricity customers will be eligible for automatic enrollment.

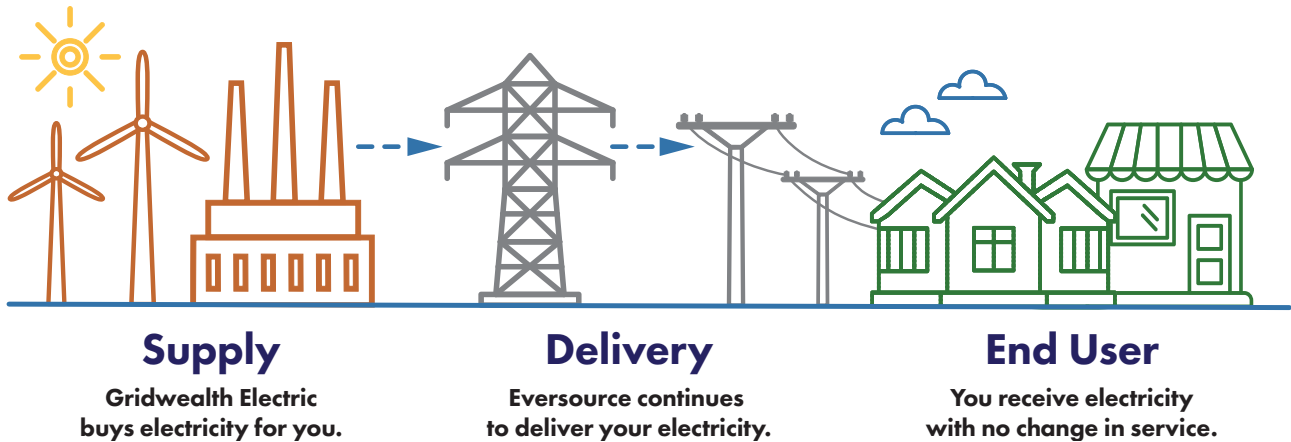

- **Have Eversource’s Basic Service?**
If you did not sign a private electricity supply contract, your account will be eligible for automatic enrollment, and you will receive a notification in the mail from the Town. State law requires the automatic enrollment model, but you are free to opt out before being automatically enrolled.
- **Have a private electricity supply contract?**
Your account will not be eligible for automatic enrollment, but you can request enrollment online at SherbornPowerChoice.com or by contacting customer support with the Town’s program consultants at 1-855-201-6233.

Participation is never required, and you are free to opt out at any time with no fee or penalty.

That means you can opt out before being enrolled and remain with Eversource’s Basic Service price, or you can try the program and opt out later at any time.

How Sherborn Power Choice Works

Sherborn Power Choice changes your electricity supplier and the price that Eversource uses to calculate the Supply charge on your bill, which is the part of the bill where you pay for the electricity you use. But Sherborn Power Choice does not replace Eversource as Sherborn's electric utility, and you will remain an Eversource customer.

Just two changes on your electric bill:

Eversource continues to:

- **Deliver your electricity** with no interruption and address power outages.
- **Send your electric bill** and accept bill payments (this is the only electric bill you will receive as a participant).
- **Provide fuel assistance** or a low-income discount, if you are currently receiving these benefits.

The **ONLY** electricity supply program approved by and for the Town of Sherborn. If you don't see the Town Seal, it's not from the Town.
