### Town Electricity Aggregation Program Automatic Enrollment Notification

[MONTH] [DAY], 202X

Dear Spencer Electricity Customer,

This letter contains important information about the Town's new electricity program, **Spencer Electric Choice**. The program is a Town alternative to other electricity offers, but without high pressure or fees. More than 170 Massachusetts communities already have similar programs.

**If you received this notice and you take no action, you will be AUTOMATICALLY enrolled in Spencer Electric Choice, in accordance with state law. However, participation is not required.**

If you participate, National Grid will continue to deliver your electricity and send your electric bill, but you will have a new price for the Supply Services portion of your bill. Program benefits include stable prices, consumer protections, and a lower price than National Grid's current residential Basic Service price, though future savings cannot be guaranteed.

### Your choices

With Spencer Electric Choice, you have three choices:

- 1 AUTOMATIC ENROLLMENT in Spencer Standard.** If you take no action, you will be enrolled in the Spencer Standard option, and your Supply Services price will be **XX.XXX ¢/kWh**.
- 2 Choose the Spencer 100% Renewable option:** You can choose to receive all of your electricity from renewable resources for **XX.XXX ¢/kWh**.
- 3 Choose NOT to participate and remain with National Grid's Basic Service.** Residential customers that opt out will remain with National Grid's Basic Service price of **XX.XXX ¢/kWh**. Please see the back for National Grid's commercial and industrial prices. ▶

**To avoid being automatically enrolled, you must do one of the following before [MONTH] [DAY], 202X:** Sign and mail the enclosed reply card, opt out online at [SpencerElectricChoice.com](http://SpencerElectricChoice.com), or call 1-833-393-5680. You may also try the program and opt out anytime in the future. There is no penalty or fee to opt out.

All Spencer Electric Choice prices are fixed until **[MONTH] 202X**. In comparison, National Grid's Basic Service prices change every 6 months for residential and commercial customers and every 3 months for industrial customers.

**Spencer Electric Choice offers the potential for savings compared with National Grid's Basic Service prices, but because National Grid's future prices are not known, future savings compared with National Grid cannot be guaranteed.**

### Changes to your bill

If you participate in Spencer Electric Choice, you will see two changes on your National Grid bill:

1. Your electricity supplier will be [SUPPLIER NAME].
2. Your Supply Services charge will be calculated using a Spencer Electric Choice price instead of National Grid's Basic Service price.

*Please see the back for more details.* ▶

If you have received this letter and also you have signed a contract with an electricity supplier, you may have signed your contract after this mailing list was created.
