

WestonPower CHOICE

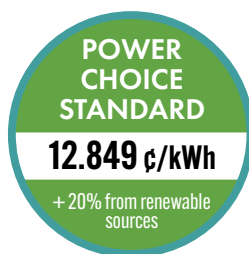

Weston Power Choice is a new Town Electricity supply program that gives residents and businesses more choice and control over how we power our community while taking a big step toward achieving our sustainability goals. The program is a type of group electricity purchasing program that is currently used by over 170 other cities and towns in Massachusetts.

Using the bulk buying power of our community, Weston Power Choice provides:

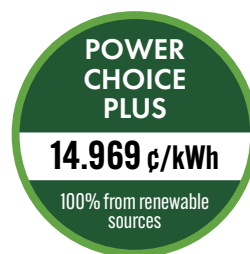

- More electricity from renewable sources for less than Eversource's current residential Basic Service price.
- Three new electricity supply choices.
- Stable and consistent pricing that will not change until December 2026.

Weston Power Choice has three options. Choose the one that's right for you.

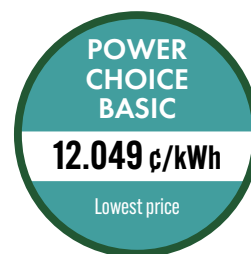

New program participants will be automatically enrolled in Power Choice Standard. Power Choice Plus and Power Choice Basic are available by request. Choose online or by phone.

DEFAULT

OPTION

OPTION

OPT OUT

All Weston Power Choice program prices are lower than Eversource's current residential Basic Service price and are fixed until December 2026.

Note that Eversource's future prices are unknown, so future savings cannot be guaranteed.

Most Weston electricity customers will be eligible for automatic enrollment.

• Have Eversource's Basic Service?

If you did not sign a private electricity supply contract, your account will be eligible for automatic enrollment, and you will receive a notification in the mail from the Town. State law requires the automatic enrollment model, but you are free to opt out before being automatically enrolled.

• Have a private electricity supply contract?

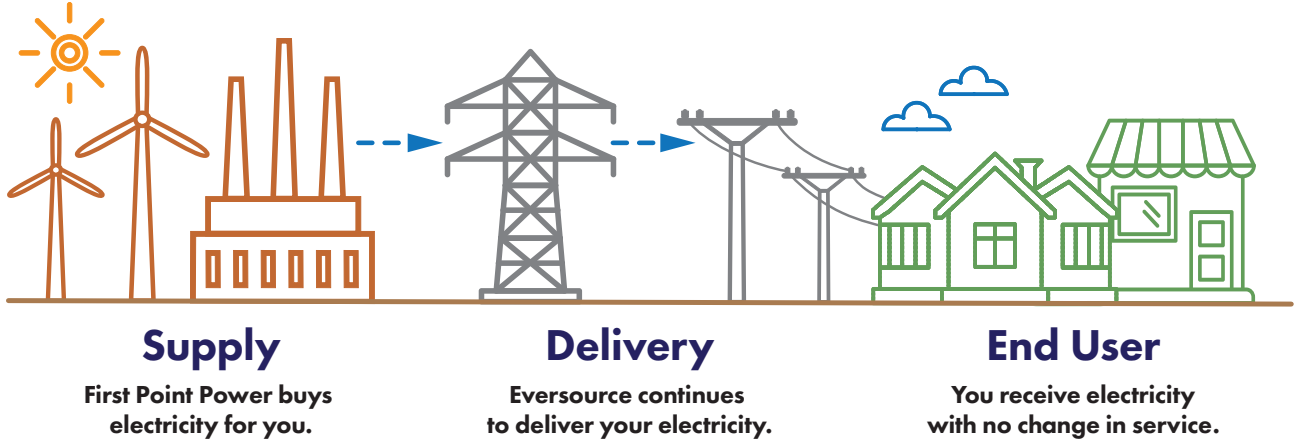

Your account will not be eligible for automatic enrollment, but you can request enrollment online at **WestonPowerChoice.com** or by contacting customer support with the Town's program consultants at **1-833-703-0532**.

Participation is never required, and you are free to opt out at any time with no fee or penalty.

That means you can opt out before being enrolled and remain with Eversource's Basic Service price, or you can try the program and opt out later at any time.

How Weston Power Choice Works

Weston Power Choice changes your electricity supplier and the price that Eversource uses to calculate the Supply charge on your bill, which is the part of the bill where you pay for the electricity you use. But Weston Power Choice does not replace Eversource as Weston's electric utility, and you will remain an Eversource customer.

Just two key changes on your electric bill:

EVERSOURCE

 Subtotal Supplier Services

1. Your electricity supplier will appear as **Weston Power Choice-First Point Power.**
2. Your Electricity Supply price will change to a Weston Power Choice price.

Please note: If you have Eversource's Budget Billing, it will no longer apply to your Supply charge.

Everything else remains the same!

Eversource continues to:

- **Deliver your electricity** and address power outages.
- **Send your electric bill** and accept bill payments (this is the only electric bill you will receive as a participant).
- **Provide fuel assistance**, a low-income discount, and/or Budget Billing if you are currently receiving these benefits.

The **ONLY** electricity supply program approved by and for the Town of Weston. If you don't see the Town Seal, it's not from the Town.
