TOWN OF WESTON

TOWN ELECTRICITY AGGREGATION PROGRAM NOTIFICATION LETTER

March 29, 2024

Dear Weston Electricity Customer,

This letter contains important information about our Town's new electricity program called Weston Power Choice. Under this program, Weston residents and businesses can purchase their electricity supply from a Town-selected supplier. Benefits include price stability (though the program cannot guarantee to provide savings), consumer protections, and the opportunity to increase the amount of renewable energy in your electricity.

With Weston Power Choice, you have four options for the supply of your electricity. (Note: The delivery of your electricity will remain with Eversource.)

More information

- WestonPowerChoice.com
- **1-833-703-0532**
- support@WestonPowerChoice.com

Deadline to opt out before automatic enrollment:

May 1, 2024

- 1 POWER CHOICE STANDARD: *Default.*** If you received this letter and you do nothing, you will be **AUTOMATICALLY enrolled in Power Choice Standard for 12.849 ¢/kWh**. You will receive 20% renewable electricity from new renewable resources in the New England region (MA Class I RECs), in addition to the minimum renewable energy required by state law. (The automatic enrollment model is the state law for municipal electricity programs, but participation is not required. More below.)
- 2 POWER CHOICE PLUS: *Opt up.*** You can choose to receive 100% of your electricity from new renewable resources in the New England region (MA Class I RECs).
- 3 POWER CHOICE BASIC: *Opt down.*** You can choose to receive electricity with no additional renewable energy beyond the minimum required by state law.
- 4 CONTINUE WITH EVERSOURCE'S BASIC SERVICE: *Opt out.*** If you do not wish to participate in Weston Power Choice and you wish to remain with Eversource for your electricity supply, **you must opt out**. Eversource offers no additional renewable electricity beyond the minimum required by state law.

There is no penalty or fee to opt out, and you may do so at any time. To opt out before being automatically enrolled, **you must do one of the following before May 1, 2024**: Visit WestonPowerChoice.com and opt out online, call 1-833-703-0532, or sign and return the enclosed reply card. You can also try the program and opt out in the future with no fee or penalty.

If you choose to participate in Weston Power Choice: Eversource will remain your electric utility. Eversource will continue to deliver your electricity and send your bill, and you will still call Eversource if the power goes out. Weston Power Choice changes only your electricity supplier, which will result in two changes to your Eversource bill:

1. Your electricity *supplier* will be listed as Weston Power Choice-First Point Power.
2. Your *Supply charge* will be calculated using the Weston Power Choice price instead of Eversource's Basic Service price. Weston has a contract with First Point Power to supply electricity until **December 2026**. Your Supply price will not change until then. Eversource's *Delivery charges* will not be affected by the program.
 - ▶ **Please note that Weston Power Choice cannot guarantee to provide savings compared with Eversource's Basic Service prices because Eversource's Basic Service prices change, and future prices are not known.**

If you choose not to participate in Weston Power Choice: Eversource will continue to be your electricity supplier and will calculate the Supply charge on your bill using its Basic Service price, which changes every 6 months for residential and small business accounts and every 3 months for large business accounts.

Please see the back for more details, including prices for each option. ▶

It's your choice...

If you do nothing, you will be enrolled in Power Choice Standard for the Supply portion of your electric bill. The following chart can help you decide whether to remain with Power Choice Standard or to choose one of the other three options. To select Power Choice Plus or Power Choice Basic, or to opt out, visit WestonPowerChoice.com or call our Town consultants at 1-833-703-0532.

* Program prices include a \$0.001/kWh administrative fee. Program prices could increase as a result of a change in law that results in a direct, material increase in costs during the term of the electricity supply agreement. Taxes will be billed as part of the Weston Power Choice power supply charge.

** Power Choice Plus includes the minimum amount of MA Class I RECs required by law each year plus the additional amount needed to reach 100%. Weston's electricity supplier must also purchase other renewable energy to meet state requirements. As a result, the total renewable content for Power Choice Plus exceeds 100%.

Additional information

If you are eligible for a low-income discount or fuel assistance, those benefits will continue in Weston Power Choice.

If you have a tax-exempt account, you are responsible for identifying and requesting an exemption from the collection of any tax by providing appropriate tax-exemption documentation to First Point Power. Visit WestonPowerChoice.com to learn more.

If you have solar panels on your property or you participate in a community solar program, you will continue to receive solar credits and/or solar incentive payments, and participating in Weston Power Choice will not change how they are calculated.

If you have received this letter and also you have signed a contract with an electricity supplier, you may have signed your contract after this mailing list was created. To continue receiving electricity from the supplier you chose and prevent any early termination fees from that supplier, you must opt out of Weston Power Choice.

For additional information, please visit WestonPowerChoice.com, and do not hesitate to contact our Town consultants with any questions at support@WestonPowerChoice.com or 1-833-703-0532.
