

Foxborough Power Forward

Foxborough Power Forward is a Town electricity supply program that gives residents and businesses more choice and control over how we power our community. The program is a group electricity buying program that changes the electricity supply price on your National Grid electric bill. More than 200 other cities and towns in Massachusetts have similar programs.

Using the bulk buying power of our community, Foxborough Power Forward provides:

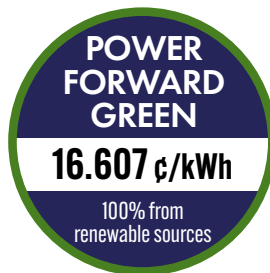

- Two consumer-friendly electricity supply options.
- Stable and consistent pricing that will not change until November 2026.
- Consumer protections, including the ability to leave any time with no fee or penalty.

Foxborough Power Forward has two options. Choose the one that's right for you.

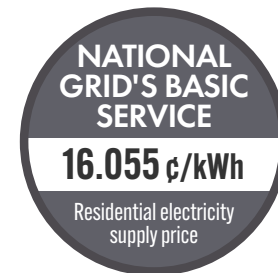

New electricity accounts will be automatically enrolled in Power Forward Standard. Power Forward Green is available by request. Choose online or by phone.

AUTO-ENROLL

OPTION

OPT OUT

The Power Forward Standard price is lower than National Grid's current residential Basic Service price. All program prices are fixed until November 2026.

Note that National Grid's future prices are unknown, so future savings cannot be guaranteed.

Most new electricity accounts will be eligible for automatic enrollment.

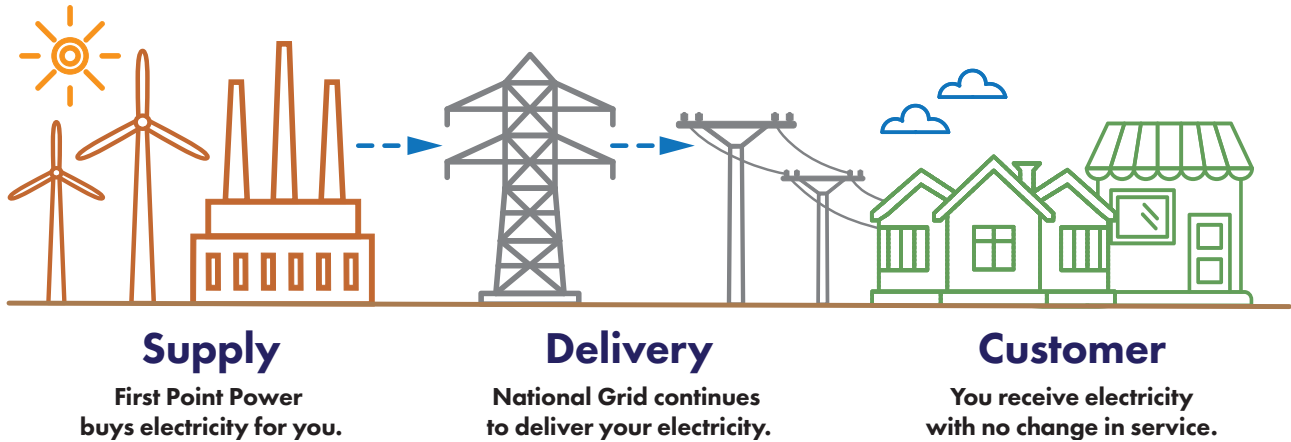

- **Have National Grid's Basic Service?**
If you did not sign a private electricity supply contract, your account will be eligible for automatic enrollment within a few months, and you will receive a notification in the mail from the Town. Foxborough uses an automatic enrollment model like similar programs in the state, but you are free to opt out before being automatically enrolled.
- **Have a private electricity supply contract?**
Your account will not be eligible for automatic enrollment, but you can request enrollment online at MassPowerChoice.com/Foxborough or by contacting customer support with the Town's program consultants at **1-844-241-8596**.

Participation is never required, and you are free to opt out at any time with no fee or penalty.

That means you can opt out before being automatically enrolled and remain with National Grid's Basic Service price, or you can try the program and opt out at any time in the future.

How Foxborough Power Forward Works

Foxborough Power Forward changes your electricity supplier and the price that National Grid uses to calculate the Supply Services part of your bill, which is the part of the bill where you pay for the electricity you use. But Foxborough Power Forward does not replace National Grid as Foxborough's electric utility, and you will remain a National Grid customer.

Just two changes on your electric bill:

nationalgrid

2000 Chapel View Blvd, Ste 450
Cranston, RI 02920

PHONE: 1-888-875-1711 ACCOUNT NO: 00000-00000

Electricity Supply: 0.13727 x 485 kWh

Total Supply Services

Other Charges/Adjustments

Paperless Billing Credit

Total Other Charges/Adjustments: -\$ 0.36

1. Your electricity supplier will appear as **Foxborough Power Forward-First Point Power.**

2. Your electricity supply price will change to a Foxborough Power Forward price.

Everything else remains the same!

National Grid continues to:

- Deliver your electricity with no interruption and address power outages.
- Send your electric bill and accept bill payments (this is the only electric bill you will receive as a participant).
- Provide a low-income discount if you currently receive that benefit. You will also continue to receive fuel assistance.

The ONLY electricity supply program approved by and from the Town of Foxborough. If you don't see the Town Seal, it's not from the Town.
