

# Southborough Community Power Choice

Southborough Community Power Choice is a Town electricity supply program that gives residents and businesses more choice and control over how we power our community. The program is a group electricity buying program that changes the electricity supply price on your National Grid electric bill. More than 200 other cities and towns in Massachusetts have similar programs.

Using the bulk buying power of our community, Southborough Community Power Choice provides:

- Three consumer-friendly electricity supply options.
- Stable and consistent pricing until December 2026.
- Consumer protections, including the ability to leave any time with no fee or penalty.

## Southborough Community Power Choice has three options. Choose the one that's right for you.

New electricity accounts will be automatically enrolled in Power Choice Standard. Power Choice Greener and Power Choice Greenest are available by request. Choose online or by phone.

### All program prices are fixed until December 2026.

*While the program has a history of providing savings compared with National Grid, National Grid's future prices are unknown, so future savings cannot be guaranteed.*

### Most new electricity accounts will be eligible for automatic enrollment.

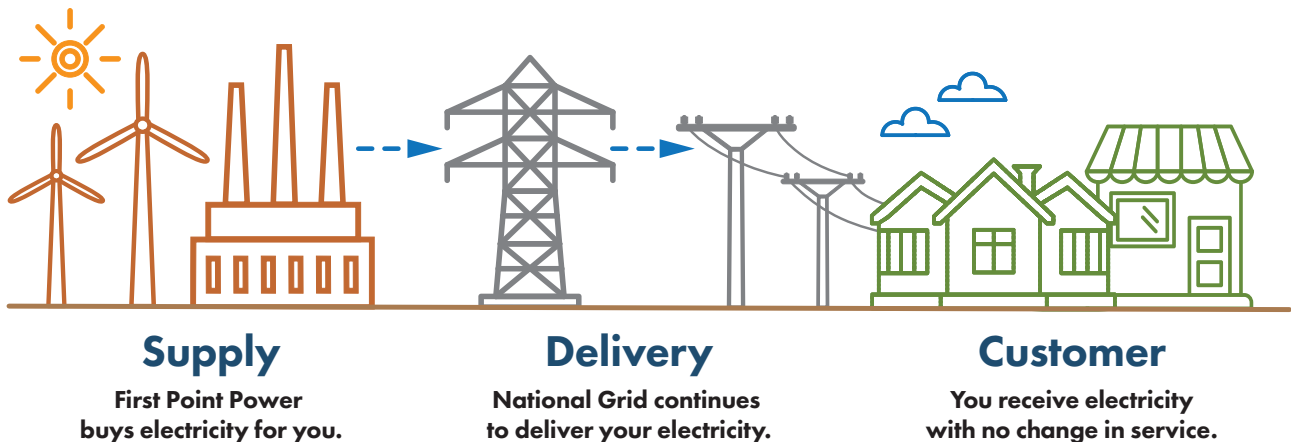

- **Have National Grid's Basic Service?**  
If you did not sign a private electricity supply contract, your account will be eligible for automatic enrollment within a few months, and you will receive a notification in the mail from the Town. Southborough uses an automatic enrollment model like similar programs in the state, but you are free to opt out before being automatically enrolled.
- **Have a private electricity supply contract?**  
Your account will not be eligible for automatic enrollment, but you can request enrollment online at [SouthboroughCommunityPowerChoice.com](https://www.southboroughcommunitypowerchoice.com) or by contacting customer support with the Town's program consultants at 1-833-272-9591.

**Participation is never required, and you are free to opt out at any time with no fee or penalty.**

That means you can opt out before being automatically enrolled and remain with National Grid's Basic Service price, or you can try the program and opt out at any time in the future.

# How Southborough Community Power Choice Works

Southborough Community Power Choice changes your electricity supplier and the price that National Grid uses to calculate the Supply Services part of your bill, which is the part of the bill where you pay for the electricity you use. But Southborough Community Power Choice does not replace National Grid as Southborough's electric utility, and you will remain a National Grid customer.

## National Grid continues to:

- Deliver your electricity with no interruption and address power outages.
- Send your electric bill and accept bill payments (this is the only electric bill you will receive as a participant).
- Provide a low-income discount or fuel assistance if you currently receive that benefit.

The **ONLY** electricity supply program approved by and from the Town of Southborough. If you don't see the Town Seal, it's not from the Town.
