

Wayland Electricity Choice is a Town electricity supply program that gives residents and businesses more choice and control over how we power our community while taking a big step toward achieving our sustainability goals. The program is a group electricity purchasing program that changes the electricity supply price on your Eversource electric bill. More than 200 other cities and towns in Massachusetts have similar programs.

Using the bulk buying power of our community, Wayland Electricity Choice provides:

- Three electricity supply choices.
- Stable electricity supply prices that will not change until May 2026.
- More electricity from renewable sources.

Wayland Electricity Choice has three options. Choose the one that's right for you.

New program participants will be automatically enrolled in Wayland Standard Green. Wayland 100% Green and Wayland Economy are available by request. Choose online or by phone.

All Wayland Electricity Choice program prices are fixed until May 2026.

While the program has a history of providing savings compared with Eversource, Eversource's future prices are unknown, so future savings cannot be guaranteed.

Most Wayland electricity customers will be eligible for automatic enrollment.

• Have Eversource's Basic Service?

If you did not sign a private electricity supply contract, your account will be eligible for automatic enrollment within a few months, and you will receive a notification in the mail from the Town. State law requires the automatic enrollment model, but you are free to opt out before being automatically enrolled.

• Have a private electricity supply contract?

Your account will not be eligible for automatic enrollment, but you can request enrollment online at WaylandElectricityChoice.com or by contacting customer support with the Town's program consultants at 1-844-202-6400.

Participation is never required, and you are free to opt out at any time with no fee or penalty.

That means you can opt out before being enrolled and remain with Eversource's Basic Service price, or you can try the program and opt out at any time in the future.

How Wayland Electricity Choice Works

Wayland Electricity Choice changes your electricity supplier and the price that Eversource uses to calculate the Supply charge on your bill, which is the part of the bill where you pay for the electricity you use. But Wayland Electricity Choice does not replace Eversource as Wayland's electric utility, and you will remain an Eversource customer.

Supply
First Point Power
buys electricity for you.

Delivery
Eversource continues
to deliver your electricity.

End User
You receive electricity
with no change in service.

Just two key changes on your electric bill:

Subtotal Supplier Services				\$65.92

1. Your electricity supplier will appear as **WaylandElectricityChoice-FirstPoint**.
2. Your Supply price will change to a **Wayland Electricity Choice price**.

Please note: If you have Eversource's Budget Billing, it will no longer apply to your Supply charge.

Everything else remains the same!

Eversource continues to:

- **Deliver your electricity** with no interruption and address power outages.
- **Send your electric bill**, and accept bill payments (this is the only electric bill you will receive as a participant).
- **Provide fuel assistance** or a low-income discount, if you are currently receiving these benefits.

The **ONLY** electricity supply program approved by and for the Town of Wayland. If you don't see the Town Seal, it's not from the Town.
