

Spencer ElectricChoice

Spencer Electric Choice is a new Town electricity supply program that gives residents and business owners more choice and control over how we power our community. The program is a group electricity buying program that changes the Electricity Supply price on your National Grid electric bill. More than 200 other cities and towns in Massachusetts have similar programs.

Using the bulk buying power of our community, Spencer Electric Choice provides:

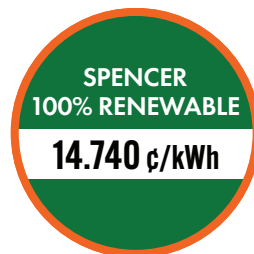

- Two new electricity supply choices
- Fixed pricing until December 2027
- Leave anytime with no fee or penalty

Spencer Electric Choice has two options. Choose the one that's right for you.

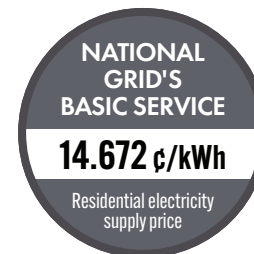

New program participants will be automatically enrolled in Spencer Standard. Spencer 100% Renewable is available by request. Choose online or by phone.

AUTO-ENROLL

OPTION

OPT OUT

The Spencer Standard price is lower than National Grid's current residential Basic Service price and is fixed until December 2027.

Note that National Grid's future prices are unknown, so future savings cannot be guaranteed.

Most Spencer electricity customers will be eligible for automatic enrollment.

Have National Grid's Basic Service?

If you did not sign a private electricity supply contract, your account will be eligible for automatic enrollment, and you will receive a notification in the mail from the Town. State law requires the automatic enrollment model, but you are free to opt out before being automatically enrolled.

Have a private electricity supply contract?

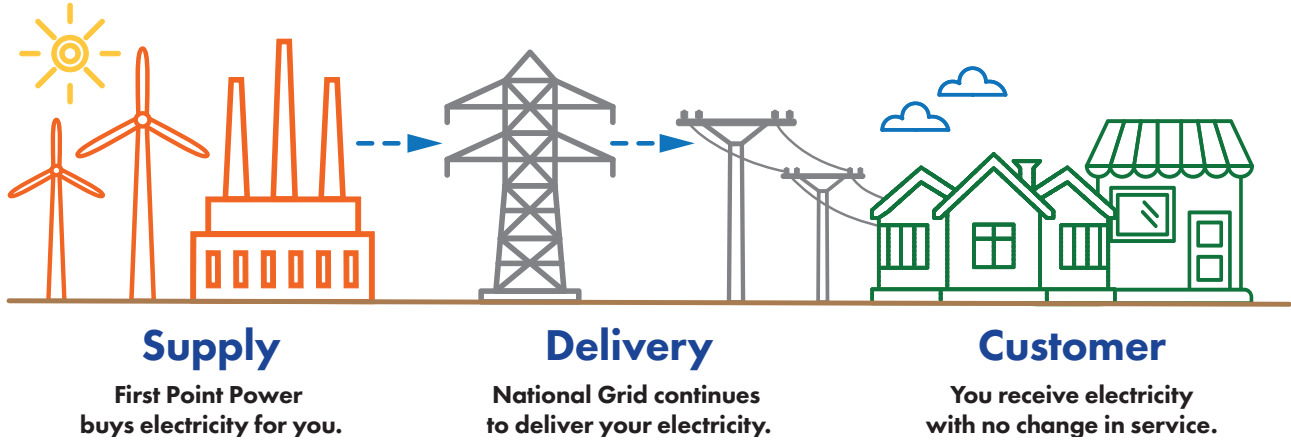

Your account will not be eligible for automatic enrollment, but you can request enrollment online at SpencerElectricChoice.com or by contacting customer support with the Town's program consultants at **1-833-393-5680**.

Participation is never required, and you are free to opt out at any time with no fee or penalty.

That means you can opt out before being automatically enrolled and remain with National Grid's Basic Service price, or you can try the program and opt out later at any time.

How Spencer Electric Choice Works

Spencer Electric Choice changes your electricity supplier and the price that National Grid uses to calculate the Supply Services charge on your bill, which is the part of the bill where you pay for the electricity you use. But Spencer Electric Choice does not replace National Grid as Spencer's electric utility, and you will remain a National Grid customer.

Just two changes on your electric bill:

The image shows a sample National Grid electric bill for John Smith. Two yellow callout boxes highlight specific changes on the bill:

- 1. Your electricity supplier will appear as First Point Power - Spencer Electric Choice.** This points to the 'Supply Services' section where the supplier is listed as 'FIRST POINT POWER - SPENCER ELECTRIC CHOICE'.
- 2. Your Electricity Supply price will change to a Spencer Electric Choice price.** This points to the 'Electricity Supply' line item, which shows a price of '0.13540 x 412 kWh'.

nationalgrid SERVICE FOR JOHN SMITH 1010 ANY STREET ANYTOWN, MA 00000 BILLING PERIOD Oct 29, 2024 to Nov 26, 2024 ACCOUNT NUMBER 00000-00000 PLEASE PAY BY Dec 20, 2024

Everything else remains the same!

National Grid continues to:

- Deliver your electricity with no interruption and address power outages.
- Send your electric bill and accept bill payments (this is the only electric bill you will receive as a participant).
- Provide fuel assistance or a low-income discount, if you are currently receiving these benefits.

The ONLY electricity supply program approved by and for the Town of Spencer.
If you don't see the Town Seal, it's not from the Town.
