

Dunstable Community Power is a new Town electricity supply program that gives residents and business owners more choice and control over how we power our community. The program is a group electricity buying program that changes the electricity supply price on your National Grid electric bill. More than 200 other cities and towns in Massachusetts have similar programs.

Using the bulk buying power of our community, Dunstable Community Power provides:

- Two new electricity supply choices
- Fixed pricing until December 2026
- Leave anytime with no fee or penalty

Dunstable Community Power has two options. **Choose the one that's right for you.**

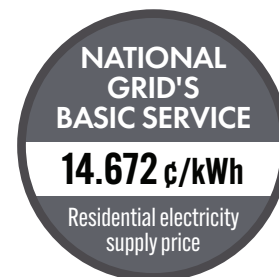

New program participants will be automatically enrolled in Dunstable Standard. Dunstable 100% Green is available by request. Choose online or by phone.

AUTO-ENROLL

OPTION

OPT OUT

The Dunstable Standard price is lower than National Grid's current residential Basic Service price and is fixed until December 2026.

Note that National Grid's future prices are unknown, so future savings cannot be guaranteed.

Most Dunstable electricity customers will be eligible for automatic enrollment.

Have National Grid's Basic Service?

If you did not sign a private electricity supply contract, your account will be eligible for automatic enrollment, and you will receive a notification in the mail from the Town. State law requires the automatic enrollment model, but you are free to opt out before being automatically enrolled.

Have a private electricity supply contract?

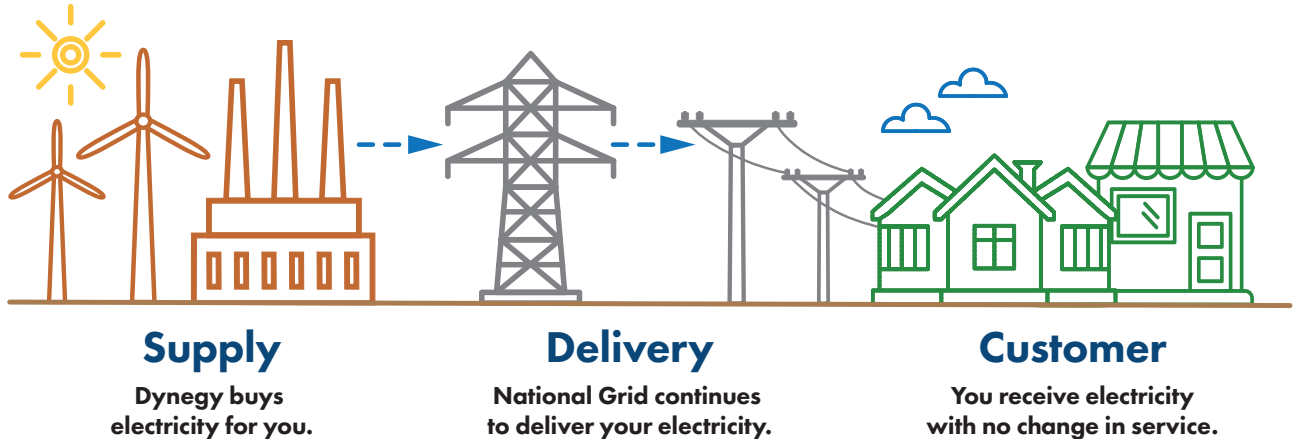

Your account will not be eligible for automatic enrollment, but you can request enrollment online at **DunstableCommunityPower.com** or by contacting customer support with the Town's program consultants at **1-800-818-9409**.

Participation is never required, and you are free to opt out at any time with no fee or penalty.

That means you can opt out before being automatically enrolled and remain with National Grid's Basic Service price, or you can try the program and opt out at any time in the future.

How Dunstable Community Power Works

Dunstable Community Power changes your electricity supplier and the price that National Grid uses to calculate the Supply Services charge on your bill, which is the part of the bill where you pay for the electricity you use. But Dunstable Community Power does not replace National Grid as Dunstable's electric utility, and you will remain a National Grid customer.

Just two changes on your electric bill:

The image shows a sample National Grid electric bill. The top section includes the National Grid logo, service information for John Smith, and billing details for the period Oct 29, 2024 to Nov 26, 2024. The 'Supply Services' section shows the supplier as 'DYNEGY - DUNSTABLE COMMUNITY POWER' with a new electricity supply price of 0.14074. The 'Electric Usage History' table shows usage for the previous 12 months. The 'Other Charges/Adjustments' section shows a paperless billing credit. Two yellow callout boxes highlight the changes: 1. Your electricity supplier will appear as Dynegy - Dunstable Community Power. 2. Your Electricity Supply price will change to a Dunstable Community Power price.

Month	kWh	Month	kWh
Dec 18	1029	Jul 19	0
Jan 19	1698	Aug 19	0
Feb 19	2088	Sep 19	0

May 19	496	Dec 19	813
Jun 19	161		

**Everything
else remains
the same!**

National Grid continues to:

- Deliver your electricity with no interruption and address power outages.
- Send your electric bill and accept bill payments (this is the only electric bill you will receive as a participant).
- Provide fuel assistance or a low-income discount, if you are currently receiving these benefits.

The **ONLY** electricity supply program approved by and for the Town of Dunstable.
If you don't see the Town Seal, it's not from the Town.
