

Needham Power Choice is a Town electricity supply program that gives residents and business owners more choice and control over how we power our community while taking a big step toward achieving our sustainability goals. The program is a group electricity buying program that changes the electricity supply price on your Eversource electric bill. More than 200 other cities and towns in Massachusetts have similar programs.

Using the bulk buying power of our community, Needham Power Choice provides:

- More renewable electricity automatically
- Three electricity supply choices
- Stable and consistent pricing that will not change until March 2027

### Needham Power Choice has three options. Choose the one that's right for you.

New program participants will be automatically enrolled in Needham Standard. Needham 100% Green and Needham Basic are available by request. Choose online or by phone.

**Prices are fixed until March 2027.**

*Note that Eversource's future prices are unknown, so future savings cannot be guaranteed.*

### Most new electricity accounts will be eligible for automatic enrollment.

#### • Have Eversource's Basic Service?

If you did not sign a private electricity supply contract, your account will be eligible for automatic enrollment within a few months, and you will receive a notification in the mail from the Town. State law requires the automatic enrollment model, but you are free to opt out before being automatically enrolled.

#### • Have a private electricity supply contract?

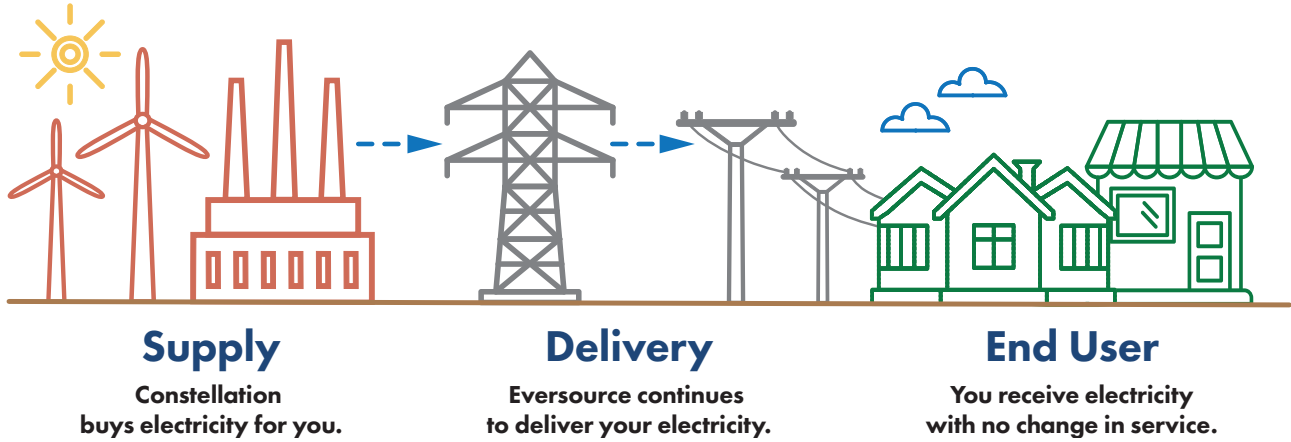

Your account will not be eligible for automatic enrollment, but you can request enrollment online at [NeedhamPowerChoice.com](https://www.NeedhamPowerChoice.com) or by contacting customer support with the Town's program consultants at 1-844-379-2171.

**Participation is never required, and you are free to opt out at any time with no fee or penalty.**

That means you can opt out before being automatically enrolled and remain with Eversource's Basic Service price, or you can try the program and opt out at any time in the future.

# How Needham Power Choice Works

Needham Power Choice changes your electricity supplier and the price that Eversource uses to calculate the Supply charge on your bill, which is the part of the bill where you pay for the electricity you use. But Needham Power Choice does not replace Eversource as Needham's electric utility, and you will remain an Eversource customer.

else remains  
the same!**

### Eversource continues to:

- **Deliver your electricity** with no interruption and address power outages.
- **Send your electric bill** and accept bill payments (this is the only electric bill you will receive as a participant).
- **Provide fuel assistance** or a low-income discount, if you are currently receiving these benefits.

The **ONLY** electricity supply program approved by and for the Town of Needham.  
If you don't see the Town Seal, it's not from the Town.
