# Town electricity program notification of automatic enrollment

June 25, 2025

You are receiving this notice because your electricity account is eligible for **AUTOMATIC ENROLLMENT** in Hopkinton Power Choice. Your electricity account number is shown on the enclosed reply card.

**Hopkinton Power Choice** is a new group electricity program from the Town that provides long-term, stable prices, new electricity choices, and more electricity from renewable sources for a price that beats Eversource at launch.

## Participating in Hopkinton Power Choice means:

- The supply price on your Eversource electric bill will change to **14.590 ¢/kWh**, which is fixed until September 2027 and **lower** than Eversource's residential and small business Basic Service prices, which go into effect on August 1.  
*Eversource's prices change and their future prices are unknown, so future savings compared with Eversource cannot be guaranteed.*
- An additional **15%** of your electricity will automatically come from clean, renewable sources.
- You will remain an Eversource customer, and Eversource will continue to deliver your electricity and send your electric bill.

\* State law requires Hopkinton's electricity supplier to purchase Renewable Energy Certificates (RECs) from other sources, including sources that are not new, are renewable but not clean, such as waste to energy, or are clean but not renewable, such as nuclear. This purchase must be made even if the total amount of RECs purchased from either clean or renewable sources exceeds 100% of the electricity used by Hopkinton Power Choice participants.

### Additional information:

**Your electricity supplier will be Direct Energy Services, LLC (Direct Energy).** On your bill, you will see Direct Energy-Hopkinton Power Choice. But your primary relationship for electricity remains with Eversource, and you will continue to call them if your power goes out. Eversource will also continue to send your electric bill, and this is the only electric bill you will receive as a participant in Hopkinton Power Choice.

**If you are eligible for a low-income discount or fuel assistance,** those benefits will continue in Hopkinton Power Choice.

**If you have solar panels on your property or you participate in a community solar program,** you will continue to receive solar credits and/or solar incentive payments, and participating in Hopkinton Power Choice will not change how they are calculated.

**If you have a tax-exempt account,** you are responsible for requesting an exemption from the collection of any tax by providing appropriate tax-exemption documentation to Direct Energy. Visit [HopkintonPowerChoice.com](https://HopkintonPowerChoice.com) to learn more.

**If you have received this notice and also you have signed a contract with an electricity supplier,** you may have signed your contract after this mailing list was created. To continue receiving electricity from the supplier you chose and prevent any early termination fees from that supplier, **you must opt out of Hopkinton Power Choice.**

**The automatic enrollment model is in accordance with state law.** More than 200 cities and towns in Massachusetts have similar programs, and all operate the same way. However, you are not required to participate. You may opt out at any time with no fee or penalty.

**At the end of the contract with Direct Energy,** the Town intends to sign a new long-term contract. The electricity supplier and renewable energy content may change, and the price may be higher or lower than the current price. You will continue in the program at the new price unless you inform the program otherwise. The Town will provide advance notice of any such changes, and you will be free to opt out before the changes go into effect.
