

# BEVERLY COMMUNITY ELECTRIC

Beverly Community Electric is a City electricity supply program that gives residents and businesses more choice and control over how we power our community while taking a big step toward achieving our sustainability goals. The program is a group electricity purchasing program that changes the electricity supply price on your National Grid electric bill. Nearly 200 other cities and towns in Massachusetts have similar programs.

Using the bulk buying power of our community, Beverly Community Electric provides:

- Three electricity supply choices.
- Stable electricity supply prices that will not change until January 2026.
- More electricity from renewable sources for less than National Grid's current residential Basic Service price.

## Beverly Community Electric has three options. Choose the one that's right for you.

New electricity accounts will be automatically enrolled in Beverly Standard. Beverly 100% Clean and Beverly Basic are available by request. Choose online or by phone.

OPTION

OPTION

OPT OUT

**All Beverly Community Electric program prices are lower than National Grid's current residential Basic Service price and are fixed until January 2026.**

*Note that National Grid's future prices are unknown, so future savings cannot be guaranteed.*

## Most Beverly electricity customers will be eligible for automatic enrollment.

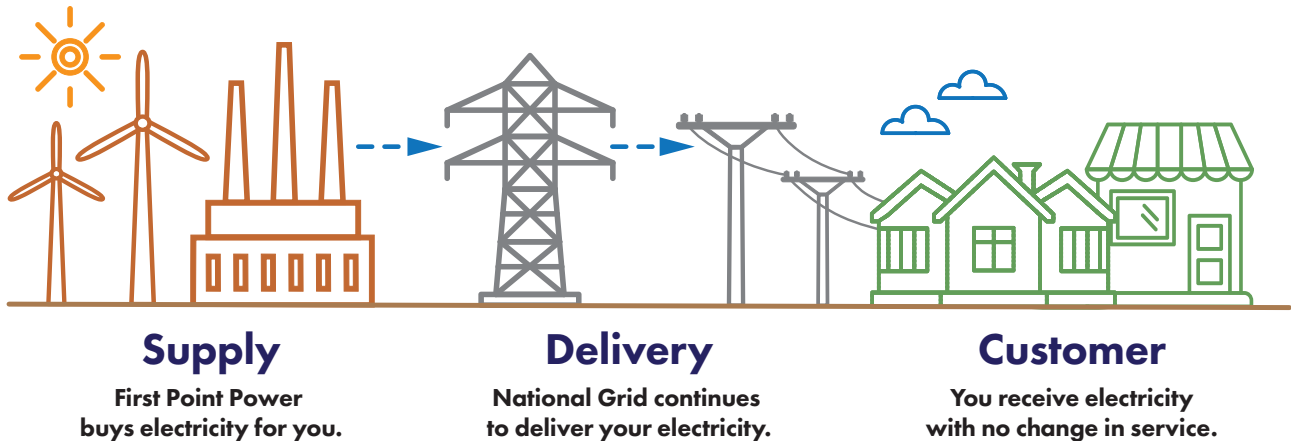

- **Have National Grid's Basic Service?**  
If you did not sign a private electricity supply contract, your account will be eligible for automatic enrollment within a few months, and you will receive a notification in the mail from the City. Beverly uses an automatic enrollment model like similar programs in the state, but you are free to opt out before being automatically enrolled.
- **Have a private electricity supply contract?**  
Your account will not be eligible for automatic enrollment, but you can request enrollment online at **BeverlyCommunityElectric.com** or by contacting customer support with the City's program consultants at **1-833-350-1631**.

**Participation is never required, and you are free to opt out at any time with no fee or penalty.**

That means you can opt out before being automatically enrolled and remain with National Grid's Basic Service price, or you can try the program and opt out at any time in the future.

# How Beverly Community Electric Works

Beverly Community Electric changes your electricity supplier and the price that National Grid uses to calculate the Supply Services charge on your bill, which is the part of the bill where you pay for the electricity you use. But Beverly Community Electric does not replace National Grid as Beverly's electric utility, and you will remain a National Grid customer.

## Just two changes on your electric bill:

Electricity Supply **0.13919** x 485 kWh  
**Total Supply Services**

**Other Charges/Adjustments**

Paperless Billing Credit -0.36  
**Total Other Charges/Adjustments** **-\$ 0.36**

**1. Your electricity supplier will appear as Beverly Community Electric-First Point Power.**

**2. Your Electricity Supply price will change to a Beverly Community Electric price.**

**Everything  
else remains  
the same!**

### National Grid continues to:

- Deliver your electricity with no interruption and address power outages.
- Send your electric bill and accept bill payments (this is the only electric bill you will receive as a participant).
- Provide a low-income discount if you currently receive that benefit. You will also continue to receive fuel assistance.

The **ONLY** electricity supply program approved by and from the City of Beverly.  
If you don't see the City Seal, it's not from the City.
