

NATICK

Electricity Aggregation Program

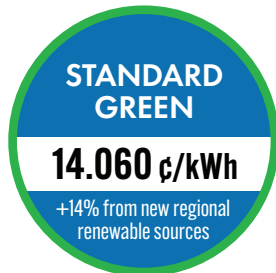

The Natick Electricity Aggregation Program is a Town electricity supply program that gives residents and business owners more choice and control over how we power our community while taking a big step toward achieving our sustainability goals. The program is a group electricity buying program that changes the electricity supply price on your Eversource electric bill. More than 200 other cities and towns in Massachusetts have similar programs.

Using the bulk buying power of our community, the Natick Electricity Aggregation Program provides:

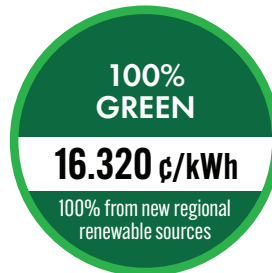

- An easy way to get more of your electricity from renewable sources
- Stable and consistent pricing until December 2027
- The freedom to leave anytime with no fee or penalty

The Natick Electricity Aggregation Program has three options. Choose the one that's right for you.

New program participants will be automatically enrolled in Standard Green. 100% Green and Natick Basic/Brown are available by request. Choose online or by phone.

All program prices are fixed until December 2027.

While the program has a history of providing savings compared with Eversource, Eversource's future prices are unknown, so future savings cannot be guaranteed.

Most new electricity accounts will be eligible for automatic enrollment.

- **Have Eversource's Basic Service?**

If you did not sign a private electricity supply contract, your account will be eligible for automatic enrollment within a few months, and you will receive a notification in the mail from the Town. State law requires the automatic enrollment model, but you are free to opt out before being automatically enrolled.

- **Have a private electricity supply contract?**

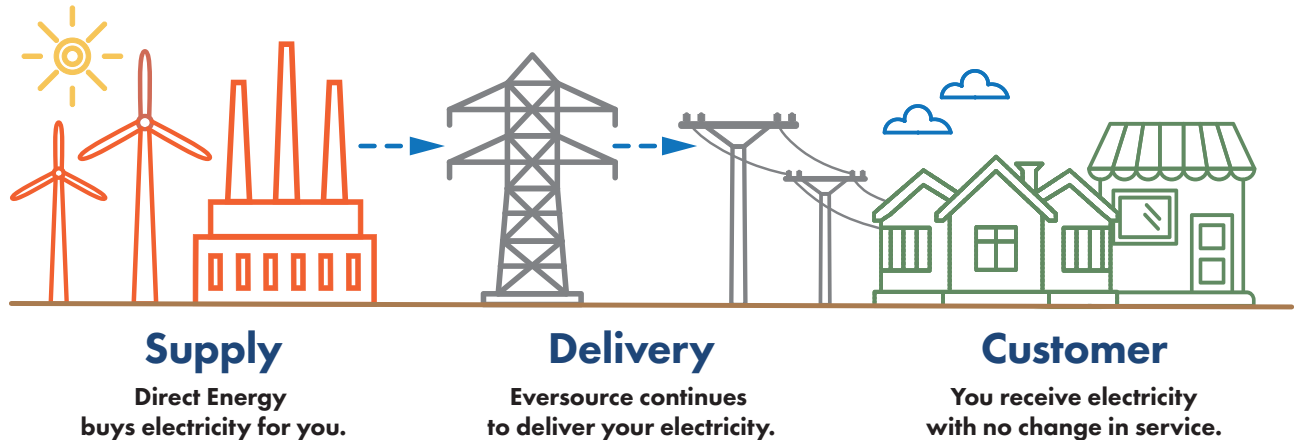

Your account will not be eligible for automatic enrollment, but you can request enrollment online at **NatickElectricityAggregation.com** or by contacting customer support with the Town's program consultants at **844-483-5004**.

Participation is never required, and you are free to opt out at any time with no fee or penalty.

That means you can opt out before being automatically enrolled and remain with Eversource's Basic Service price, or you can try the program and opt out at any time in the future.

How the Natick Electricity Aggregation Program Works

The Natick Electricity Aggregation Program changes your electricity supplier and the price that Eversource uses to calculate the Supply charge on your bill, which is the part of the bill where you pay for the electricity that you use. But the Natick Electricity Aggregation Program does not replace Eversource as Natick's electric utility, and you will remain an Eversource customer.

Just two key changes on your electric bill:

Delivery

1. Your electricity supplier will appear as **Direct Energy-Natick Electricity Agg.**

2. Your supply price will change to a Natick Electricity Aggregation Program price.

Everything else remains the same!

Eversource continues to:

- **Deliver your electricity** with no interruption and address power outages.
- **Send your electric bill** and accept bill payments (this is the only electric bill you will receive as a participant).
- **Provide fuel assistance or a low-income discount**, if you are currently receiving these benefits.

The **ONLY** electricity supply program approved by and for the Town of Natick. If you don't see the Town Seal, it's not from the Town.
