

LudlowPower CHOICE

Ludlow Power Choice is a Town electricity supply program that gives residents and business owners more choice and control over how we power our community. The program is a group electricity buying program that changes the electricity supply price on your Eversource electric bill. More than 200 other cities and towns in Massachusetts have similar programs.

Using the bulk buying power of our community, Ludlow Power Choice provides:

- Three electricity supply choices
- Stable and consistent pricing that will not change until November 2027
- Leave anytime with no fee or penalty

Ludlow Power Choice has three options. **Choose the one that's right for you.**

New program participants will be automatically enrolled in Ludlow Basic. Ludlow 100% Green and Ludlow Greener are available by request. Choose online or by phone.

All program prices are fixed until November 2027.

Note that Eversource's future prices are unknown, so future savings cannot be guaranteed.

Most Ludlow electricity accounts will be eligible for automatic enrollment.

- **Have Eversource's Basic Service?**
If you did not sign a private electricity supply contract or request a block on your account, your account will be eligible for automatic enrollment, and you will receive a notification in the mail from the Town. State law requires the automatic enrollment model, but you are free to opt out before being automatically enrolled.
- **Have a private electricity supply contract?**
Your account will not be eligible for automatic enrollment, but you can request enrollment online at [LudlowPowerChoice.com](https://www.LudlowPowerChoice.com) or by contacting customer support with the Town's program consultants at 1-888-203-6454.

Participation is never required, and you are free to opt out at any time with no fee or penalty.

That means you can opt out before being automatically enrolled and remain with Eversource's Basic Service price, or you can try the program and opt out at any time in the future.

How Ludlow Power Choice Works

Ludlow Power Choice changes your electricity supplier and the price that Eversource uses to calculate the Supply charge on your bill, which is the part of the bill where you pay for the electricity you use. But Ludlow Power Choice does not replace Eversource as Ludlow's electric utility, and you will remain an Eversource customer.

Just two key changes on your electric bill:
