

Northborough Power Choice is a Town electricity supply program that gives residents and business owners more choice and control over how we power our community. The program is a group electricity buying program that changes the Electricity Supply price on your National Grid electric bill. More than 200 other cities and towns in Massachusetts have similar programs.

Using the bulk buying power of our community, Northborough Power Choice provides:

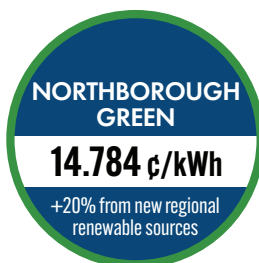

- Three electricity supply choices
- Fixed pricing until May 2027
- Leave anytime with no fee or penalty

Northborough Power Choice has three options. Choose the one that's right for you.

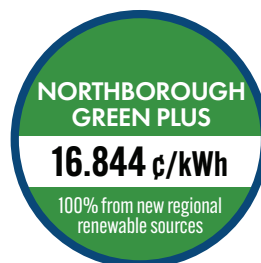

New program participants will be automatically enrolled in Northborough Economy. Northborough Green and Northborough Green Plus are available by request. Choose online or by phone.

AUTO-ENROLL

OPTION

OPTION

All program prices are fixed until May 2027.

Note that National Grid's future prices are unknown, so future savings cannot be guaranteed.

Most new electricity accounts will be eligible for automatic enrollment.

Have National Grid's Basic Service?

If you did not sign a private electricity supply contract, your account will be eligible for automatic enrollment, and you will receive a notification in the mail from the Town within a few months. State law requires the automatic enrollment model, but you are free to opt out before being automatically enrolled.

Have a private electricity supply contract?

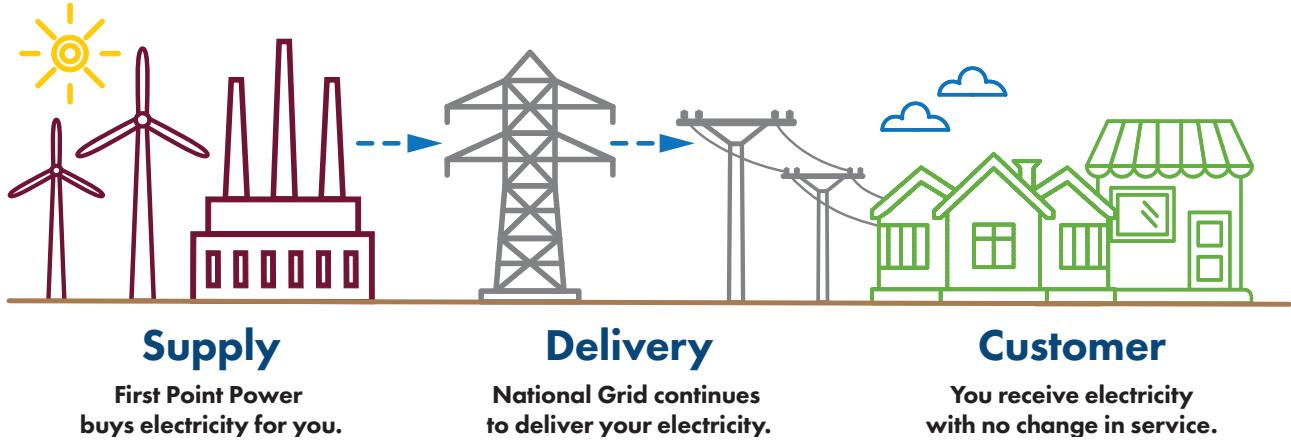

Your account will not be eligible for automatic enrollment, but you can request enrollment online at **NorthboroughPowerChoice.com** or by contacting customer support with the Town's program consultants at **1-833-393-5679**.

Participation is never required, and you are free to opt out at any time with no fee or penalty.

That means you can opt out before being automatically enrolled and remain with National Grid's Basic Service price, or you can try the program and opt out later at any time.

How Northborough Power Choice Works

Northborough Power Choice changes your electricity supplier and the price that National Grid uses to calculate the Supply Services charge on your bill, which is the part of the bill where you pay for the electricity you use. But Northborough Power Choice does not replace National Grid as Northborough's electric utility, and you will remain a National Grid customer.

Two key changes on your electric bill:

nationalgrid

Total Other

1. Your electricity supplier will appear as **First Point Power - Northborough Power Choice**.

2. Your Electricity Supply price will change to a Northborough Power Choice price.

**Everything
else remains
the same!**

National Grid continues to:

- Deliver your electricity with no interruption and address power outages.
- Send your electric bill and accept bill payments (this is the only electric bill you will receive as a participant).
- Provide fuel assistance or a low-income discount, if you are currently receiving these benefits.

The **ONLY** electricity supply program approved by and for the Town of Northborough.
If you don't see the Town Seal, it's not from the Town.
