

Revere Power Choice

City of Revere

Mayor Patrick M. Keefe Jr.

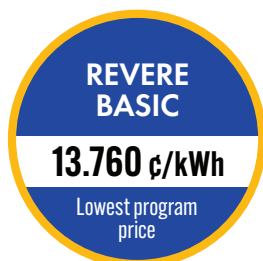

Revere Power Choice is a City electricity supply program that gives residents and business owners more choice and control over how we power our community. The program is a group electricity buying program that changes the electricity supply price on your National Grid electric bill. More than 200 other cities and towns in Massachusetts have similar programs.

Using the bulk buying power of our community, Revere Power Choice provides:

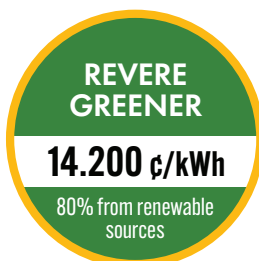

- Three electricity supply choices
- Fixed pricing until December 2027
- Leave anytime with no fee or penalty

Revere Power Choice has three options. Choose the one that's right for you.

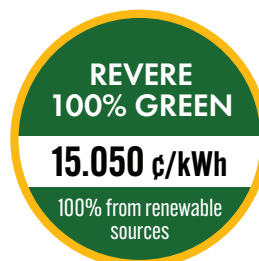

New program participants will be automatically enrolled in Revere Basic. Revere Greener and Revere 100% Green are available by request. Choose online or by phone.

AUTO-ENROLL

OPTION

OPTION

All program prices are fixed until December 2027.

Note that National Grid's future prices are unknown, so future savings cannot be guaranteed.

Most new electricity accounts will be eligible for automatic enrollment.

Have National Grid's Basic Service?

If you did not sign a private electricity supply contract, your account will be eligible for automatic enrollment within a few months, and you will receive a notification in the mail from the City. State law requires the automatic enrollment model, but you are free to opt out before being automatically enrolled.

Have a private electricity supply contract?

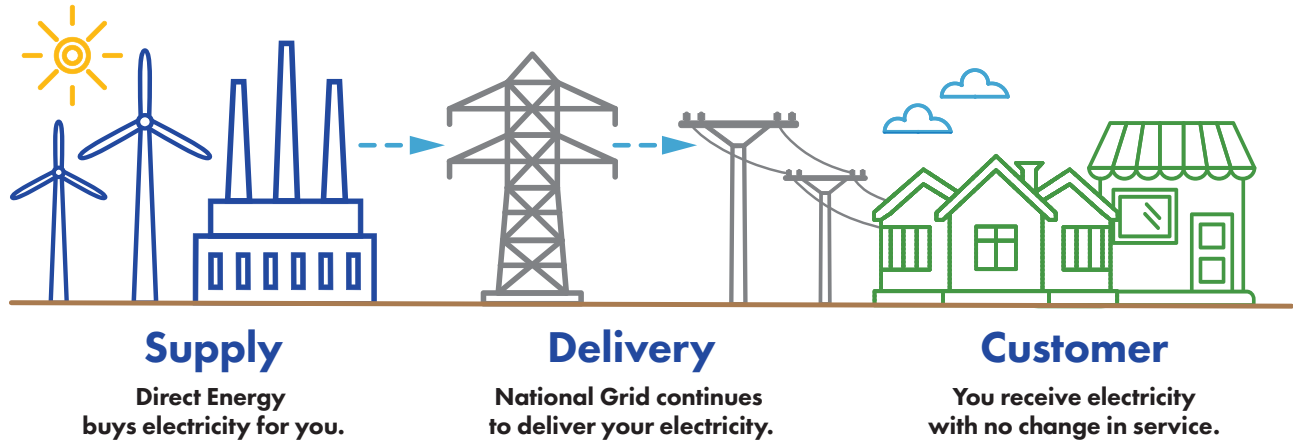

Your account will not be eligible for automatic enrollment, but you can request enrollment online at **ReverePowerChoice.com** or by contacting customer support with the City's program consultants at **1-800-699-7567**.

Participation is never required, and you are free to opt out at any time with no fee or penalty.

That means you can opt out before being automatically enrolled and remain with National Grid's Basic Service price, or you can try the program and opt out at any time in the future.

How Revere Power Choice Works

Revere Power Choice changes your electricity supplier and the price that National Grid uses to calculate the Supply Services charge on your bill, which is the part of the bill where you pay for the electricity you use. But Revere Power Choice does not replace National Grid as Revere's electric utility, and you will remain a National Grid customer.

Two key changes on your electric bill:

The image shows a sample National Grid electric bill for John Smith. Two yellow callout boxes highlight key changes:

- 1. Your electricity supplier will appear as Direct Energy - Revere Power Choice.** This points to the 'Supply Services' section where the supplier is listed as 'DIRECT ENERGY - REVERE POWER CHOICE'.
- 2. Your Electricity Supply price will change to a Revere Power Choice price.** This points to the 'Electricity Supply' line item, which shows a price of '0.13760' per kWh.

**Everything
else remains
the same!**

National Grid continues to:

- Deliver your electricity with no interruption and address power outages.
- Send your electric bill and accept bill payments (this is the only electric bill you will receive as a participant).
- Provide fuel assistance or a low-income discount, if you are currently receiving these benefits.

The **ONLY** electricity supply program approved by and for the City of Revere. If you don't see the City Seal, it's not from the City.
