

GREEN WORCESTER ELECTRICITY

MUNICIPAL AGGREGATION PROGRAM

The Green Worcester ElectriCITY Municipal Aggregation Program is a City electricity supply program that gives residents and business owners more choices for powering our community while taking a big step toward achieving our sustainability goals. The program is a group electricity buying program that changes the electricity supply price on your National Grid electric bill. More than 200 other cities and towns in Massachusetts have similar programs.

Using the bulk buying power of our community, the Green Worcester ElectriCITY Municipal Aggregation Program provides:

- An easy way to get more of your electricity supply from renewable sources
- Fixed pricing until December 2027
- The freedom to leave anytime with no fee or penalty

The Green Worcester ElectriCITY Municipal Aggregation Program has three options.
Choose the one that's right for you.

New program participants will be automatically enrolled in Worcester Standard Green. Worcester 100% Green and Worcester Basic Green are available by request. Choose online or by phone.

AUTO-ENROLL

OPT UP

LOWEST PROGRAM PRICE

All program prices are fixed and will not change until December 2027.

While the program has a history of providing savings compared with National Grid, National Grid's future prices are unknown, so future savings cannot be guaranteed.

Most new electricity accounts will be eligible for automatic enrollment.

Have National Grid's Basic Service?

If you did not sign a private electricity supply contract, your account will be eligible for automatic enrollment within a few months, and you will receive a notification in the mail from the City. State law requires the automatic enrollment model, but you are free to opt out before being automatically enrolled.

Have a private electricity supply contract?

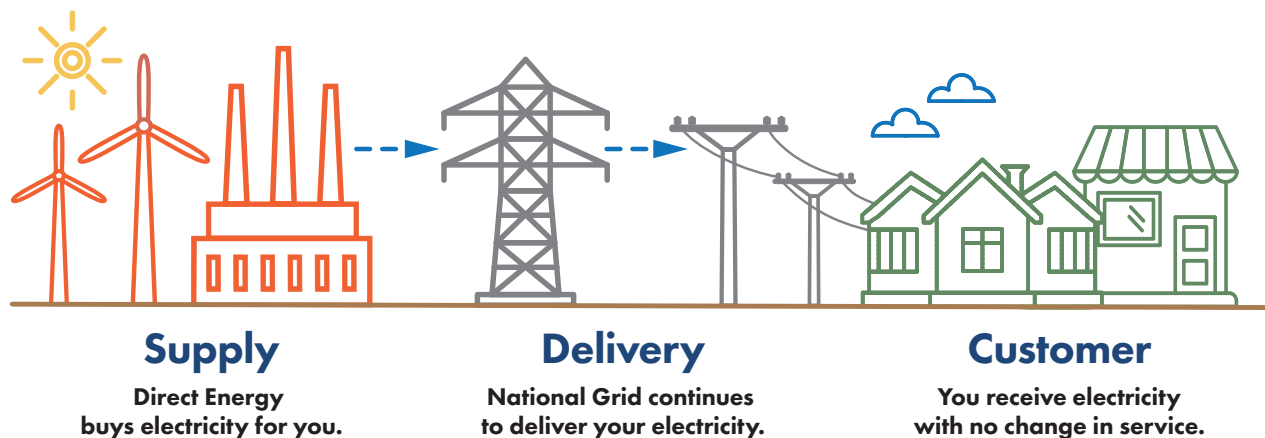

Your account will not be eligible for automatic enrollment, but you can request enrollment online at **GreenWorcesterElectriCITY.com** or by contacting customer support with the City's program consultants at **833-926-1207**.

Participation is never required, and you are free to opt out at any time with no fee or penalty.

That means you can opt out before being automatically enrolled and remain with National Grid's Basic Service price, or you can try the program and opt out at any time in the future.

How the Green Worcester ElectriCITY Municipal Aggregation Program Works

The Green Worcester ElectriCITY Municipal Aggregation Program will appear as your electricity supplier under the “Supply Services” section on your National Grid bill. You will remain a customer of National Grid because they are Worcester’s only electric utility. National Grid will continue to deliver your electricity, and their delivery charges will appear under the “Delivery Services” section of your bill.

Two key changes on your electric bill:

The image shows a sample National Grid bill with two yellow callout boxes. The first box points to the "Supply Services" section, which lists "GREEN WORC ELECTRICITY AGGREGATION PROG" as the supplier. The second box points to the "Electricity Supply" line item, which shows a price of "0.15320 x 412 kWh".

Electricity Supply 0.15320 x 412 kWh

Other Charges/Adjustments

Paperless Billing Credit

Total Other

1. Your electricity supplier will appear as **Green Worc ElectriCITY Aggregation Prog.**

2. Your Electricity Supply price will change to a **Green Worcester ElectriCITY Municipal Aggregation Program price.**

**Everything
else remains
the same!**

National Grid continues to:

- Deliver your electricity with no interruption and address power outages.
- Send your electric bill and accept bill payments (this is the only electric bill you will receive as a participant).
- Provide fuel assistance or a low-income discount, if you are currently receiving these benefits.

The **ONLY** electricity supply program approved by and for the City of Worcester. If you don't see the City Seal, it's not from the City.
