

GREENFIELD LIGHT & POWER

Greenfield Light & Power is a City electricity supply program that gives residents and business owners more choice and control over how we power our community while taking a big step toward achieving our sustainability goals. The program is a group electricity buying program that changes the electricity supply price on your Eversource electric bill. More than 200 other cities and towns in Massachusetts have similar programs.

Using the bulk buying power of our community, Greenfield Light & Power provides:

- Two City-vetted electricity supply options
- 100% renewable electricity
- Long-term, stable pricing

Greenfield Light & Power has two options. Choose the one that's right for you.

New program participants will be automatically enrolled in Budget Green.
Local Green is available by request. Choose online or by phone.

AUTO-ENROLL

OPTION

Both program prices are fixed until November 2028.

While the program has a history of providing savings compared with Eversource, Eversource's future prices are unknown, so future savings cannot be guaranteed.

Most new electricity accounts will be eligible for automatic enrollment.

• Have Eversource's Basic Service?

If you did not sign a private electricity supply contract, your account will be eligible for automatic enrollment within a few months, and you will receive a notification in the mail from the City. State law requires the automatic enrollment model, but you are free to opt out before being automatically enrolled.

• Have a private electricity supply contract?

Your account will not be eligible for automatic enrollment, but you can request enrollment online at [GreenfieldLightAndPower.com](https://www.GreenfieldLightAndPower.com) or by contacting customer support with the City's program consultants at **844-483-5004**.

Participation is never required, and you are free to opt out at any time with no fee or penalty.

That means you can opt out before being automatically enrolled and remain with Eversource's Basic Service price, or you can try the program and opt out at any time in the future.

How Greenfield Light & Power Works

Greenfield Light & Power changes your electricity supplier and the price that Eversource uses to calculate the Supply charge on your bill, which is the part of the bill where you pay for the electricity that you use. But Greenfield Light & Power does not replace Eversource as Greenfield's electric utility, and you will remain an Eversource customer.

Just two key changes on your electric bill:

EVERSOURCE
Account Number: 0000 000 0000
Customer name key: CUST
Statement date: 12/26/25
Service Provided To:

Total Charges for Electricity

Supplier (FIRSTPOINTPOWER - GREENFIELD L&P)
Meter 000000000
Generation Service Charge 491 kWh X .13090 \$65.92
Subtotal Supplier Services \$65.92

1. Your electricity supplier will appear as FirstPointPower - Greenfield L&P.

2. Your supply price will change to a Greenfield Light & Power price.

Everything else remains the same!

Eversource continues to:

- **Deliver your electricity** with no interruption and address power outages.
- **Send your electric bill** and accept bill payments (this is the only electric bill you will receive as a participant).
- **Provide fuel assistance or a low-income discount**, if you are currently receiving these benefits.

The **ONLY** electricity supply program approved by and for the City of Greenfield.
If you don't see the City Seal, it's not from the City.
