

Regional electricity program notification

from the City of Northampton

November 5, 2025

**As an electricity customer in the City of Northampton,
your electricity account is eligible to participate in Valley Green Energy.**

Valley Green Energy is a group electricity buying program that is administered by and serves the communities of Northampton, Amherst, and Pelham. The program changes the price that National Grid uses to calculate the Supply Services portion of your electric bill. As a participant in Valley Green Energy, you remain a National Grid customer, and National Grid continues to deliver your electricity with no interruption, send your bill, and address power outages.

Using the group buying power of the three communities, Valley Green Energy provides:

- Long-term, stable prices without the obligation to sign a contract.
- More control over the price and environmental impact of the electricity you buy with three options, including two that provide additional electricity from renewable sources.
- The consumer protections that come with a regulated, municipal program, including the **freedom to leave at any time with no fee or penalty.**

Valley Green Energy launched in 2024, and nearly 60% of all electricity accounts in Northampton are already enrolled. More than 200 other Massachusetts communities have similar programs.

Three consumer-friendly options ▼

**The lowest price
in the program.**

**A balance of
sustainability and price.**

**A big step away
from fossil fuels.**

All Valley Green Energy prices are fixed and will not change until **November 2026.**

- ▶ **Learn more or enroll:** Learn more or submit an enrollment request online at ValleyGreenEnergy.org, or call customer support with our program consultants at **844-202-6033**.
- ▶ **Before submitting your enrollment request, be sure to check the terms of your electricity supply contract.** You may be subject to early termination fees. There is no deadline for enrolling in Valley Green Energy, and you are free to wait until the end of your current supply contract to enroll.

If your electricity supply price is higher than any Valley Green Energy price, you could be paying less through Valley Green Energy!

Compare Valley Green Energy prices with your price ▼

To find your current electricity supplier and electricity supply price, look for the Supply Services section of your National Grid electric bill.

- Your **electricity supplier** will appear under the header "Supply Services."
- Your **electricity supply price** will be a decimal to the right of the words "Electricity Supply."

The yellow highlighted text in the example bill below shows how Valley Green Energy will appear on the bill. Your electricity supply information will appear in the same locations.
