

CAMBRIDGE COMMUNITY ELECTRICITY

Cambridge Community Electricity is an
official City of Cambridge Program.

Cambridge Community Electricity is a group electricity buying program that gives residents and business owners more choice over how we power our community. Since launching in 2017, this program has saved Cambridge residents and businesses more than \$95 million compared with Eversource's Basic Service prices (though future savings cannot be guaranteed).

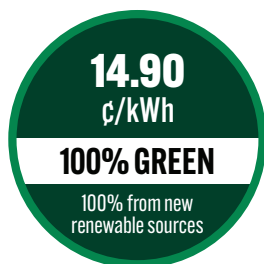

Using the bulk buying
power of our community,
Cambridge Community
Electricity provides:

- Direct support for new renewable energy projects
- Stable prices with the potential to save compared with Eversource
- The freedom to leave anytime with no fee or penalty

Cambridge Community Electricity has three options.

Choose the one that's right for you.

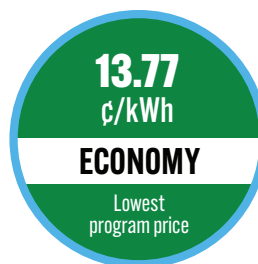

New program participants will be automatically enrolled in Standard Green. 100% Green and Economy are available by request. Choose online or by phone.

AUTO-ENROLL

OPTION

All program prices are fixed until January 2029.

While the program has a history of providing savings compared with Eversource, Eversource's future prices are unknown, so future savings cannot be guaranteed.

Most new electricity accounts will be eligible for automatic enrollment.

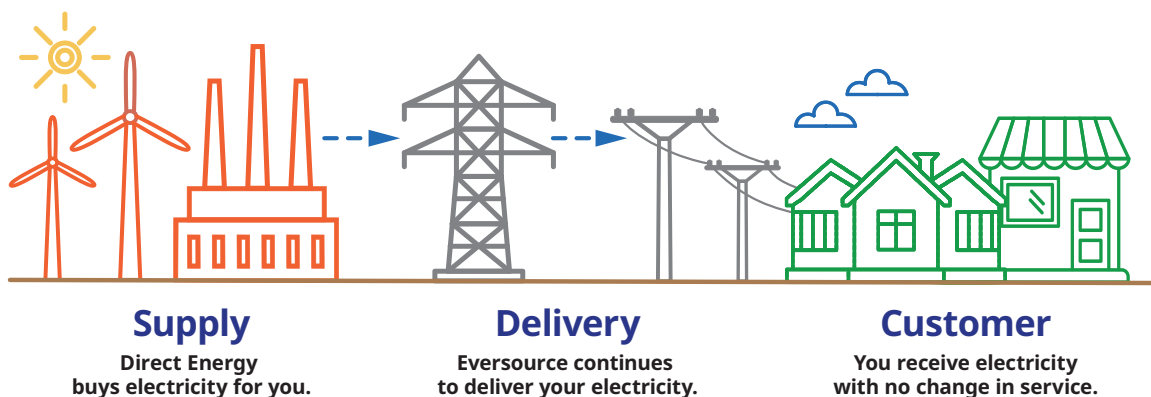

Participation is never required, and you are free to opt out at any time with no fee or penalty. This means you can opt out before being automatically enrolled and remain with Eversource's Basic Service price, or you can try the program and opt out at any time in the future. To make changes to enrollment or learn more, please visit CambridgeMA.gov/enrollCCE or contact customer support with the City's program consultants at **844-379-9934**.

Check if you're enrolled

If the supplier on your Eversource bill is listed as "CAMBRIDGE COMM ELEC DIRECT ENERGY" then you are enrolled. See the reverse page to see where your supplier is listed on your bill.

How Cambridge Community Electricity Works

Cambridge Community Electricity changes your electricity supplier and the price that Eversource uses to calculate the Supply charge on your bill, which is the part of the bill where you pay for the electricity that you use. But Cambridge Community Electricity does not replace Eversource as Cambridge's electric utility, and you will remain an Eversource customer.

Just two key changes on your electric bill:
