

Town electricity program notification of automatic enrollment

October 28, 2025

You are receiving this notice because your electricity account is eligible for **AUTOMATIC ENROLLMENT** in Dunstable Community Power. Your electricity account number is shown on the enclosed reply card.

Dunstable Community Power is a group electricity buying program from the Town of Dunstable. The program provides long-term, stable prices, protection from seasonal price swings, and consumer protections.

Participating in Dunstable Community Power means:

- The electricity supply price on your National Grid electric bill will change to **14.074 ¢/kWh**, which is fixed until December 2026 and **lower** than National Grid's current residential Basic Service price.

National Grid's prices change, and their future prices are unknown, so future savings compared with National Grid cannot be guaranteed.

- Dynegy will be your electricity supplier, which is the company that puts electricity onto the grid on your behalf.
- You will remain a National Grid customer, and National Grid will continue to deliver your electricity and send your electric bill.

Your new electricity supply price:

14.074 ¢/kWh

It's your decision. Make the choice that's right for you.

- ▶ **TAKE NO ACTION:** You will be automatically enrolled in the Dunstable Standard option.
- ▶ **CHOOSE DUNSTABLE 100% GREEN:** The Dunstable 100% Green option provides 100% of your electricity from renewable sources and is available by request.

Your account will be enrolled here.

AUTO-ENROLL

OPTION

Dunstable Community Power prices are fixed until December 2026. For National Grid prices, please see the back.

- ▶ **OPT OUT:** Participation is not required. There is no fee or penalty to opt out of Dunstable Community Power, and you may do so at any time. To avoid automatic enrollment, submit your opt-out request by **December 1, 2025**. Or you may try the program and opt out at any time in the future.

To choose Dunstable 100% Green or opt out, visit DunstableCommunityPower.com or contact customer support with the Town's program consultants at 1-800-818-9409. You may also opt out by mailing the enclosed reply card.

* State law requires all electricity suppliers to purchase Renewable Energy Certificates (RECs) from other sources, including sources that are not new, are renewable but not clean, such as waste to energy, or are clean but not renewable, such as nuclear. This purchase must be made even if the total amount of RECs purchased from either clean or renewable sources exceeds 100% of the electricity used by Dunstable Community Power participants.

Additional information:

Your electricity supplier will be Dynegy. On your bill, you will see “Dynegy - Dunstable Community Power.” But your primary relationship for electricity remains with National Grid, and you will continue to call them if your power goes out. In addition, National Grid will continue to send your electric bill, and this is the only electric bill you will receive as a participant in Dunstable Community Power.

If you are eligible for a low-income discount or fuel assistance, those benefits will continue with no change.

If you are eligible for a farm discount, you will continue to receive that discount on your bill with no change.

If you have solar panels on your property or you participate in a community solar program, you will continue to receive solar credits and/or solar incentive payments, and participating in Dunstable Community Power will not change their calculation.

If you have a tax-exempt account, you are responsible for requesting an exemption from the collection of any tax by providing appropriate tax-exemption documentation to Dynegy. Visit the program website to learn more.

If you have received this notice and also you have signed a contract with an electricity supplier, you may have signed your contract after this mailing list was created. To continue receiving electricity from the supplier you chose and prevent any early termination fees from that supplier, **you must opt out of Dunstable Community Power.**

The automatic enrollment model is in accordance with state law. More than 200 cities and towns in Massachusetts have similar programs, and all operate the same way. However, you are not required to participate. You may opt out at any time with no fee or penalty.

At the end of the contract with Dynegy, the Town intends to sign a new long-term contract. The electricity supplier and renewable energy content may change, and the price may be higher or lower than the current price. You will continue in the program at the new price unless you inform the program otherwise. The Town will provide advance notice of any such changes, and you will be free to opt out or change your option before the changes take effect.
