

Canton Electricity Choice is a Town electricity supply program that gives residents and business owners more choice and control over how we power our community. The program is a group electricity purchasing program that changes the electricity supply price on your Eversource electric bill. More than 200 other cities and towns in Massachusetts have similar programs.

**Using the bulk buying power of our community, Canton Electricity Choice provides:**

- A long-term, stable price
- The potential to save compared with Eversource
- The freedom to leave anytime with no fee or penalty

## A consumer-friendly choice

Canton Electricity Choice offers a competitive electricity supply price that is stable for the long term **without the obligation to sign a contract.**

**The current Canton Electricity Choice price: 14.770 ¢/kWh.**

**This price will appear on your bill as \$0.14770.**

**Price fixed from June 2026 – December 2028.**

**You are free to leave at any time with no fee or penalty.**

While the program has a history of providing savings compared with Eversource, Eversource's future prices are unknown, so future savings cannot be guaranteed.

### Most new electricity accounts will be eligible for automatic enrollment.

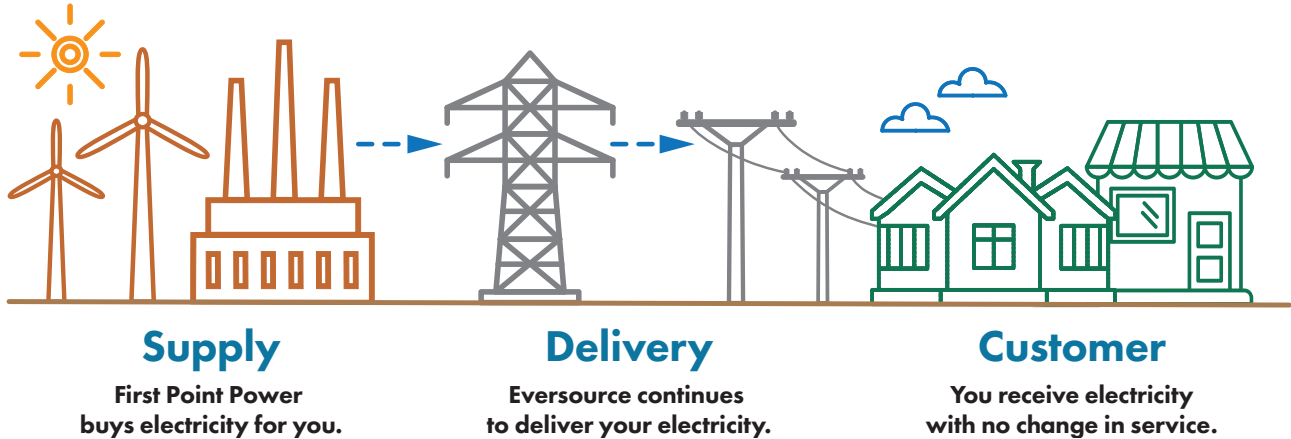

- **Have Eversource's Basic Service?**  
If you did not sign a private electricity supply contract, your account will be eligible for automatic enrollment within a few months, and you will receive a notification in the mail from the Town. State law requires the automatic enrollment model, but you are free to opt out before being automatically enrolled.
- **Have a private electricity supply contract?**  
Your account will not be eligible for automatic enrollment, but you can request enrollment online at [CantonElectricityChoice.com](http://CantonElectricityChoice.com) or by contacting customer support with the Town's program consultants at **844-202-6101**.

**Participation is never required, and you are free to opt out at any time with no fee or penalty.**

That means you can opt out before being enrolled and remain with Eversource's Basic Service price, or you can try the program and opt out at any time in the future.

# How Canton Electricity Choice Works

Canton Electricity Choice changes your electricity supplier and the price that Eversource uses to calculate the Supply charge on your bill, which is the part of the bill where you pay for the electricity you use. But Canton Electricity Choice does not replace Eversource as Canton's electric utility, and you will remain an Eversource customer.
