

Town electricity program notification of automatic enrollment

March 26, 2026

You are receiving this notice because your electricity account is eligible for **AUTOMATIC ENROLLMENT** in Ludlow Power Choice.

Your electricity account number is shown on the enclosed reply card.

Ludlow Power Choice is a group electricity buying program from the Town of Ludlow. The program provides long-term, stable prices, protection from seasonal price swings, and consumer protections.

Participating in Ludlow Power Choice means:

- The supply price on your Eversource electric bill will change to **12.891 ¢/kWh**.
- Your new price is fixed until November 2027 and **lower** than all of Eversource's current Basic Service prices.
Eversource's prices change and future prices are unknown, so future savings compared with Eversource cannot be guaranteed.
- You will remain an Eversource customer, and Eversource will continue to deliver your electricity and send your electric bill.

Your new electricity supply price:

12.891 ¢/kWh

Additional information:

Your electricity supplier will be First Point Power, with its place of business located in Cranston, RI. On your bill, you will see "First Point-Ludlow Power Choice." But your primary relationship for electricity remains with Eversource, and you will continue to call them if your power goes out. In addition, Eversource will continue to send your electric bill, and this is the only electric bill you will receive as a participant in Ludlow Power Choice.

If you are eligible for a low-income discount or fuel assistance, those benefits will continue in Ludlow Power Choice.

If you have solar panels on your property or you participate in a community solar program, you will continue to receive solar credits and/or solar incentive payments, and participating in Ludlow Power Choice will not change how they are calculated.

If you have a tax-exempt account, you are responsible for requesting an exemption from the collection of any tax by providing appropriate tax-exemption documentation to First Point Power. Visit LudlowPowerChoice.com to learn more.

If you have received this notice and also you have signed a contract with an electricity supplier, you may have signed your contract after this mailing list was created. To continue receiving electricity from the supplier you chose and prevent any early termination fees from that supplier, **you must opt out of Ludlow Power Choice.**

The automatic enrollment model is in accordance with state law. More than 200 cities and towns in Massachusetts have similar programs, and all operate the same way. However, you are not required to participate. You may opt out at any time with no fee or penalty.

At the end of the contract with First Point Power, the Town intends to sign a new long-term contract. The electricity supplier and renewable energy content may change, and the price may be higher or lower than the current price. You will continue in the same program option at the new price unless you inform the program otherwise. The Town will provide advance notice of any such changes, and you will be free to opt out or change your option before the changes take effect.
