

Chelsea Electricity Choice is a City electricity supply program that gives residents and business owners more choice and control over how we power our community. The program is a group electricity buying program that changes the electricity supply price on your Eversource electric bill. More than 200 other cities and towns in Massachusetts have similar programs.

Using the bulk buying power of our community, Chelsea Electricity Choice provides:

- Three consumer-friendly electricity supply options
- Stable and consistent pricing until December 2028
- The freedom to leave anytime with no fee or penalty

Chelsea Electricity Choice has three options. Choose the one that's right for you.

New program participants will be automatically enrolled in Chelsea Basic. Chelsea Standard and Chelsea 100% Green are available by request. Choose online or by phone.

All program prices are fixed until December 2028.

While the program has a history of providing savings compared with Eversource, Eversource's future prices are unknown, so future savings cannot be guaranteed.

Most new electricity accounts will be eligible for automatic enrollment.

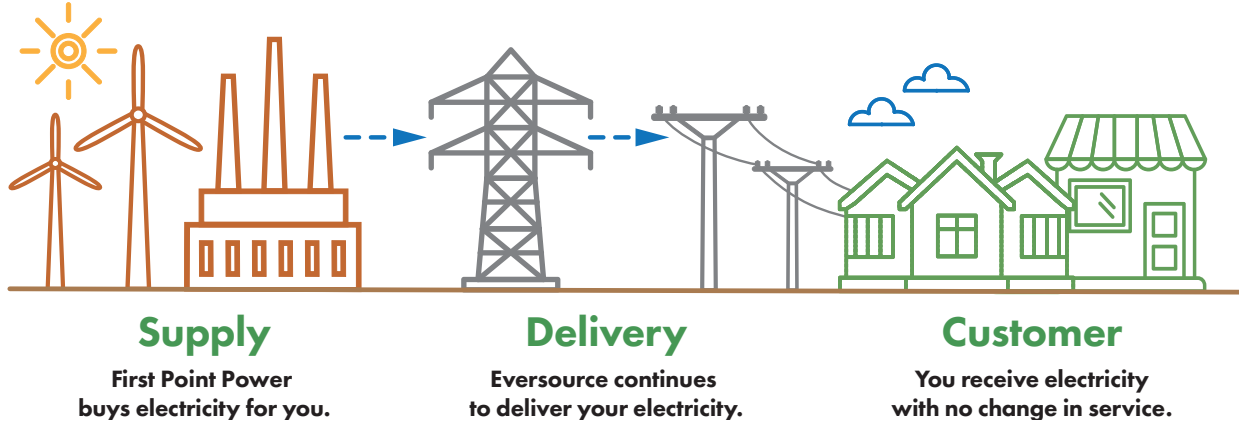

- **Have Eversource's Basic Service?**
If you did not sign a private electricity supply contract, your account will be eligible for automatic enrollment within a few months, and you will receive a notification in the mail from the City. State law requires the automatic enrollment model, but you are free to opt out before being automatically enrolled.
- **Have a private electricity supply contract?**
Your account will not be eligible for automatic enrollment, but you can request enrollment online at ChelseaElectricityChoice.com, by calling **Chelsea 311** (617-466-4209 from outside Chelsea), or by contacting customer support with the City's program consultants at **833-393-5675**.

Participation is never required, and you are free to opt out at any time with no fee or penalty.

That means you can opt out before being automatically enrolled and remain with Eversource's Basic Service price, or you can try the program and opt out at any time in the future.

How Chelsea Electricity Choice Works

Chelsea Electricity Choice changes your electricity supplier and the price that Eversource uses to calculate the Supply charge on your bill, which is the part of the bill where you pay for the electricity that you use. But Chelsea Electricity Choice does not replace Eversource as Chelsea's electric utility, and you will remain an Eversource customer.

Just two key changes on your electric bill:

Eversource continues to:

- Deliver your electricity with no interruption and address power outages.
- Send your electric bill, and accept bill payments (this is the only electric bill you will receive as a participant).
- Provide fuel assistance or a low-income discount, if you are currently receiving these benefits.

The ONLY electricity supply program approved by and for the City of Chelsea. If you don't see the City Seal, it's not from the City.
