

TOWN OF WALPOLE ELECTRICITY PROGRAM

AUTOMATIC ENROLLMENT NOTIFICATION LETTER

June 26, 2026

Dear Walpole Electricity Service Customer,

This letter contains important information about a change to your Eversource electric bill.

Walpole Power Choice is a group electricity buying program from the Town of Walpole. Participating in Walpole Power Choice changes your electricity Supply price, which is the part of the bill where you pay for the electricity you use. Through Walpole Power Choice, the Town aims to provide an electricity Supply price that is competitive with Eversource's Basic Service prices. But because Eversource's prices change, and their future prices are unknown, Walpole Power Choice cannot guarantee to provide savings compared with Eversource.

If you received this letter and you do nothing, you will be automatically enrolled in Walpole Power Choice, in accordance with state law.

If you do not wish to participate, your opt-out request must be submitted or postmarked by July 29, 2026, to avoid automatic enrollment in the program.

▶ **If you choose to participate**, Eversource will remain your electric utility. You will continue to receive your electric bill from them and call them if the power goes out. But Eversource will use the Walpole Power Choice price to calculate the Supply charge on your bill, and First Point Power will appear on your bill as your electric supplier.

If you are eligible for a low-income discount or fuel assistance, you will continue to receive those benefits as a participant in Walpole Power Choice.

▶ **If you choose not to participate**, Eversource will continue to calculate the Supply charge on your bill using their Basic Service price. Please see the other side for Eversource's current Basic Service prices. ▶

Program Benefits

Price stability - Walpole Power Choice prices are fixed until December 2026. In comparison, Eversource's Basic Service price, which you have now, changes seasonally. Many commercial offers in the marketplace also offer prices that change.

Choice - Walpole Power Choice gives you two alternatives to Eversource's Basic Service: 1) Power Choice Standard, which includes the minimum amount of renewable electricity required by state law, and 2) Power Choice Green, which provides all of your electricity from renewable sources. You will be automatically enrolled in Power Choice Standard, but you may choose Power Choice Green for a small premium. Details for both are on the back. ▶

Potential savings - Walpole Power Choice offers the potential for savings compared with Eversource's Basic Service prices. **However as noted, Eversource's prices change, and their future prices are unknown. As a result, savings cannot be guaranteed.**

* The Power Choice Standard price and the Power Choice Green price both include a \$0.001/kWh administrative fee. Program prices could increase as a result of a change in law that results in a direct, material increase in costs during the term of the electricity supply agreement.

** The Commonwealth of Massachusetts requires that all electricity supply products include a minimum of 62% from renewable energy resources in 2024, 63% in 2025, and 69% in 2026. Power Choice Standard meets the minimum requirement, and Power Choice Green exceeds it.

Important Information

If you have signed your own contract with an electricity supplier, and also received this letter, you may have signed your contract after this mailing list was created. To stay in your contract and avoid potential early termination fees, you need to opt out of this program by the deadline. Otherwise, you will be automatically enrolled in this program.

If you have solar panels on your property or you participate in a community solar program, you will continue to receive solar credits and/or solar incentive payments with no change.

If you have a tax-exempt account, you should know that taxes will be billed as part of the program's power supply charge. Customers are responsible for identifying and requesting an exemption from the collection of any tax by providing appropriate tax-exemption documentation to First Point Power. Visit WalpolePowerChoice.com for information on where to submit your documentation.

If you have any additional questions, please do not hesitate to visit the program website at WalpolePowerChoice.com or contact customer support with our Town consultants at support@WalpolePowerChoice.com or 1-844-379-9936.
