

Town electricity program notification of automatic enrollment

July 28, 2026

You are receiving this notice because your electricity account is eligible for **AUTOMATIC ENROLLMENT** in Hanover Energy Choice.

Your electricity account number is shown on the enclosed reply card.

Hanover Energy Choice is a group electricity buying program from the Town of Hanover. The program provides three electricity supply options, stable prices, and the freedom to leave at any time with no fee or penalty.

Participating in Hanover Energy Choice means:

- The electricity supply price on your National Grid electric bill will change to **13.107 ¢/kWh**. This price is more than 20% below National Grid's current residential Basic Service price and also below their current commercial Basic Service price.

See the other side for current National Grid prices. National Grid's prices will change, and their future prices are unknown, so future savings cannot be guaranteed.

- Your new price will be stable until November 2027.
- You will remain a National Grid customer, and National Grid will continue to deliver your electricity and send your electric bill.

Your new electricity supply price:

13.107 ¢/kWh

It's your decision. Make the choice that's right for you.

- ▶ **TAKE NO ACTION:** You will be automatically enrolled in the Hanover Standard option, which is the lowest-priced option in the program.
- ▶ **CHOOSE A DIFFERENT OPTION IN HANOVER ENERGY CHOICE:** Hanover Greener provides an additional 20% of your electricity from renewable sources. Hanover Greenest provides all of your electricity from renewable sources.

Your account will be enrolled here.

Additional information:

Your electricity supplier will be Gridwealth Electric.

On your bill, you will see "Gridwealth - Hanover Energy Choice." But your primary relationship for electricity remains with National Grid, and you will continue to call them if your power goes out. In addition, National Grid will continue to send your electric bill, and this is the only electric bill you will receive as a participant in Hanover Energy Choice.

If you are eligible for a low-income discount or fuel assistance, those benefits will continue in Hanover Energy Choice.

If you have solar panels on your property or you participate in a community solar program, you will continue to receive solar credits and/or solar incentive payments, and participating in Hanover Energy Choice will not change how they are calculated.

If you have a tax-exempt account, you are responsible for requesting an exemption from the collection of any tax by providing appropriate tax-exemption documentation to Gridwealth Electric. Visit HanoverEnergyChoice.com to learn more.

If you have received this notice and also you have signed a contract with an electricity supplier, you may have signed your contract after this mailing list was created. To continue receiving electricity from the supplier you chose and prevent any early termination fees from that supplier, **you must opt out of Hanover Energy Choice.**

The automatic enrollment model is in accordance with state law. More than 200 cities and towns in Massachusetts have similar programs, and all operate the same way. However, you are not required to participate. You may opt out at any time with no fee or penalty.

At the end of the contract with Gridwealth Electric, the Town intends to sign a new long-term contract. The electricity supplier and renewable energy content may change, and the price may be higher or lower than the current price. You will continue in the same program option at the new price unless you inform Hanover otherwise. The Town will provide advance notice of any such changes, and you will be free to opt out or change your option before the changes take effect.
