BELLINGHAM Power Choice

Program Overview

Bellingham Power Choice is a Town electricity supply program that gives residents and business owners more choice and control over how we power our community. The program is a group electricity buying program that changes the electricity supply price on your electric bill. More than 200 other cities and towns in Massachusetts have similar programs.

Using the bulk buying power of our community, Bellingham Power Choice provides:

- Two consumer-friendly electricity supply options
- Stable and consistent pricing until December 2027
- The freedom to leave at any time with no fee or penalty

Bellingham Power Choice has two options.

Choose the one that's right for you.

New program participants will be automatically enrolled in Power Choice Standard.
Power Choice Green is available by request. Choose online or by phone.

POWER CHOICE STANDARD
14.850 ¢/kWh
AUTO-ENROLL

POWER CHOICE GREEN
17.550 ¢/kWh
OPTION

Both program prices are fixed until December 2027.

While the program has a history of providing savings compared with National Grid and Eversource, future utility prices are unknown, so future savings cannot be guaranteed.

Most new electricity accounts will be eligible for automatic enrollment.

Have National Grid's or Eversource's Basic Service?
If you did not sign a private electricity supply contract, your account will be eligible for automatic enrollment within a few months, and you will receive a notification in the mail from the Town. State law requires the automatic enrollment model, but you are free to opt out before being automatically enrolled.

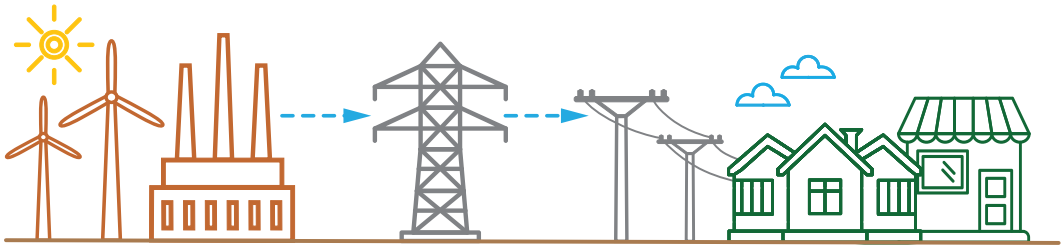

Have a private electricity supply contract?
Your account will not be eligible for automatic enrollment, but you can request enrollment online at **BellinghamPowerChoice.com** or by contacting customer support with the Town's program consultants at **844-241-8595**.

Participation is never required, and you are free to opt out at any time with no fee or penalty.

That means you can opt out before being enrolled and remain with your utility's Basic Service price, or you can try the program and opt out at any time in the future.

How Bellingham Power Choice Works

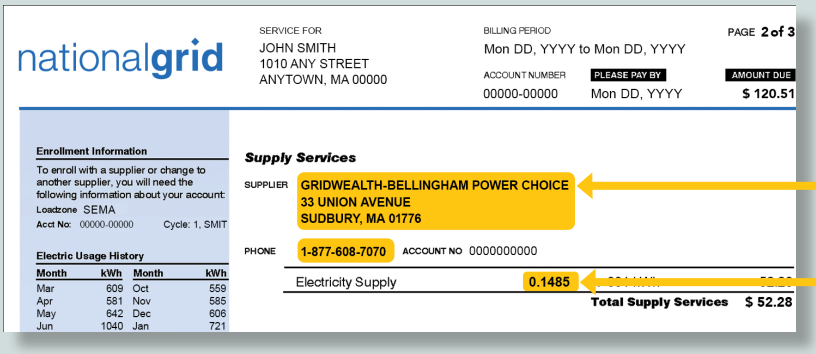

Bellingham Power Choice changes your electricity supplier and the price that your electric utility uses to calculate the supply charge on your bill, which is the part of the bill where you pay for the electricity you use. But Bellingham Power Choice does not replace your electric utility, and you will remain a National Grid or Eversource customer.

Supply
Gridwealth Electric buys electricity for you.

Delivery
Your utility (National Grid or Eversource) continues to deliver your electricity.

Customer
You receive electricity with no change in service.

Total Charges for Electricity

Supplier (GRIDWEALTH-BELLINGHAM POWER CHOICE)
Meter 000000000
Generation Service Charge 511 kWh X .14850
Subtotal Supplier Services $75.88

Two key changes to your Eversource electric bill:

1. Your electricity supplier will appear as **Gridwealth-Bellingham Power Choice.**
2. Your electricity supply price will change to a Bellingham Power Choice price.

Everything else remains the same!

Your electric utility continues to:

- **Deliver your electricity** with no interruption and address power outages.
- **Send your electric bill** and accept bill payments (this is the only electric bill you will receive as a participant).
- **Provide fuel assistance or a low-income discount** if you are currently receiving these benefits.

The ONLY electricity supply program approved by and from the Town of Bellingham.
If you don't see the Town Seal, it's not from the Town.
