Dunstable Community POWER

Program Overview

Dunstable Community Power is a Town electricity supply program that gives residents and business owners more choice and control over how we power our community. The program is a group electricity buying program that changes the electricity supply price on your National Grid electric bill. More than 200 other cities and towns in Massachusetts have similar programs.

Using the bulk buying power of our community, Dunstable Community Power provides:

- Two electricity supply choices
- Fixed pricing until December 2028
- The freedom to leave at any time with no fee or penalty

Dunstable Community Power has two options. Choose the one that's right for you.

New program participants will be automatically enrolled in Dunstable Standard. Dunstable 100% Green is available by request. Choose online or by phone.

DUNSTABLE STANDARD
16.545 ¢/kWh
AUTO-ENROLL

DUNSTABLE 100% GREEN
18.969 ¢/kWh
OPTION

Both program prices are fixed until December 2028.

While the program has a history of providing savings compared with National Grid, National Grid's future prices are unknown, so future savings cannot be guaranteed.

Most new electricity accounts will be eligible for automatic enrollment.

Have National Grid's Basic Service?

If you did not sign a private electricity supply contract, your account will be eligible for automatic enrollment within a few months, and you will receive a notification in the mail from the Town. State law requires the automatic enrollment model, but you are free to opt out before being automatically enrolled.

Have a private electricity supply contract?

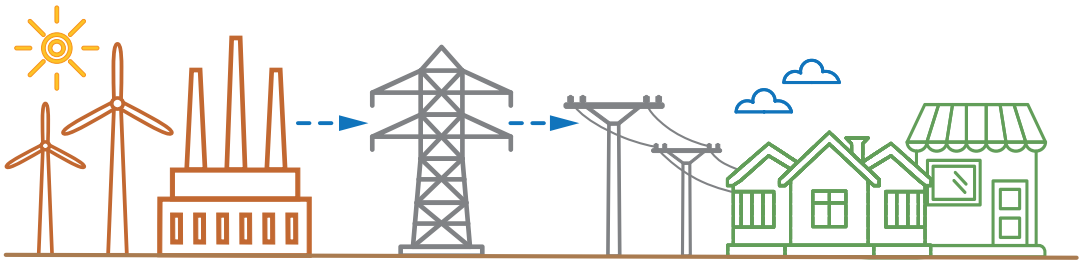

Your account will not be eligible for automatic enrollment, but you can request enrollment online at **DunstableCommunityPower.com** or by contacting customer support with the Town's program consultants at **800-818-9409**.

Participation is never required, and you are free to opt out at any time with no fee or penalty.

That means you can opt out before being automatically enrolled and remain with National Grid's Basic Service price, or you can try the program and opt out at any time in the future.

How Dunstable Community Power Works

Dunstable Community Power changes your electricity supplier and the price that National Grid uses to calculate the Supply Services charge on your bill, which is the part of the bill where you pay for the electricity you use. But Dunstable Community Power does not replace National Grid as Dunstable's electric utility, and you will remain a National Grid customer.

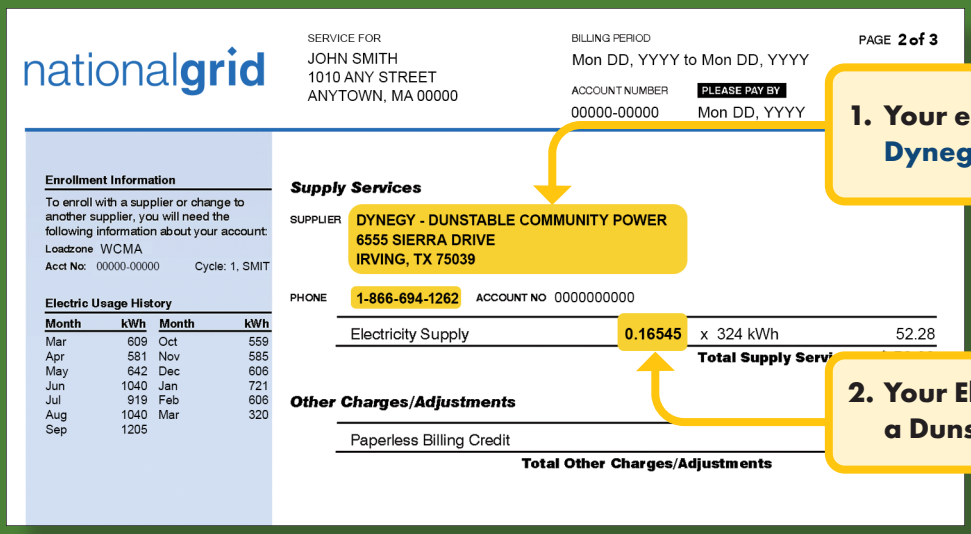

Supply
Dynegy buys electricity for you.

Delivery
National Grid continues to deliver your electricity.

Customer
You receive electricity with no change in service.

Just two key changes on your electric bill:

nationalgrid

Other Charges/Adjustments

Paperless Billing Credit

Total Other Charges/Adjustments

1. **Your electricity supplier will appear as Dynegy - Dunstable Community Power.**

2. **Your Electricity Supply price will change to a Dunstable Community Power price.**

Everything else remains the same!

National Grid continues to:

- **Deliver your electricity** with no interruption and address power outages.
- **Send your electric bill** and accept bill payments (this is the only electric bill you will receive as a participant).
- **Provide fuel assistance or a low-income discount**, if you are currently receiving these benefits.

The ONLY electricity supply program approved by and from the Town of Dunstable.
If you don't see the Town Seal, it's not from the Town.
