

Nantucket POWERChoice

Program Overview

Nantucket PowerChoice is a community-focused electricity aggregation managed by the Town of Nantucket that provides a competitive, Nantucket-based price for the electricity supply portion of your National Grid bill. More than 200 other cities and towns in Massachusetts have similar programs.

Using the bulk buying power of our community, Nantucket PowerChoice provides:

- Two electricity choices.
- Fixed pricing until November 2027.
- Consumer protections.
- Local sustainability benefits.

Nantucket PowerChoice has two options. Choose the one that's right for you.

New electricity accounts will be automatically enrolled in PowerChoice Standard. PowerChoice Green is available by request. Choose online or by phone.

AUTO-ENROLL

GO GREEN

Program prices are fixed until November 2027.

While the program has a history of providing savings compared with National Grid, National Grid's future prices are unknown, so future savings cannot be guaranteed.

Most new electricity accounts will be eligible for automatic enrollment.

Have National Grid's Basic Service?

If you did not sign a private electricity supply contract, your account will be eligible for automatic enrollment within a few months, and you will receive a notification in the mail from the Town. State law requires the automatic enrollment model, but you are free to opt out before being automatically enrolled.

Have a private electricity supply contract?

Your account will not be eligible for automatic enrollment, but you can request enrollment online at NantucketPower.org or by contacting customer support with the Town's program consultants at **844-241-8598**.

Participation is never required, and you are free to opt out at any time with no fee or penalty.

That means you can opt out before being automatically enrolled and remain with National Grid's Basic Service price, or you can try the program and opt out at any time in the future.

How Nantucket PowerChoice Works

Nantucket PowerChoice changes your electricity supplier and the price that National Grid uses to calculate the Supply Services part of your bill, which is the part of the bill where you pay for the electricity you use. But Nantucket PowerChoice does not replace National Grid as Nantucket's electric utility, and you will remain a National Grid customer.

Supply

First Point Power buys electricity for you.

Delivery

National Grid continues to deliver your electricity.

Customer

You receive electricity with no change in service.

Just two key changes on your electric bill:

nationalgrid

Electricity Supply: **0.16115** x 324 kWh

Total Supply

Other Charges/Adjustments

Paperless Billing Credit

Total Other: \$ 0.3

1. Your electricity supplier will appear as **First Point Power - Nantucket PowerChoice**.

2. Your Electricity Supply price will change to a Nantucket PowerChoice price.

**Everything
else remains
the same!**

National Grid continues to:

- Deliver your electricity with no interruption and address power outages.
- Send your electric bill and accept bill payments (this is the only electric bill you will receive as a participant).
- Provide a low-income discount or fuel assistance if you currently receive that benefit.

The **ONLY** electricity supply program approved by and from the Town of Nantucket.
If you don't see the Town Seal, it's not from the Town.
