City electricity program notification of automatic enrollment

October 21, 2026

You are receiving this notice because your electricity account is eligible for AUTOMATIC ENROLLMENT in Revere Power Choice. Your electricity account number is shown on the enclosed reply card.

Revere Power Choice is a group electricity buying program from the City of Revere. Revere Power Choice provides long-term, stable prices, protection from seasonal price swings, and consumer protections.

Participating in Revere Power Choice means:

- The electricity supply price on your electric bill will change to **13.760 ¢/kWh**, which is fixed until December 2027 and **lower** than all of National Grid's current Basic Service prices.

  National Grid's prices change, and their future prices are unknown, so future savings compared with National Grid cannot be guaranteed.

- Direct Energy Services, LLC, ("Direct Energy") will be your electricity supplier, which is the company that puts electricity onto the grid on your behalf.
- You will remain a National Grid customer, and National Grid will continue to deliver your electricity and send your electric bill.

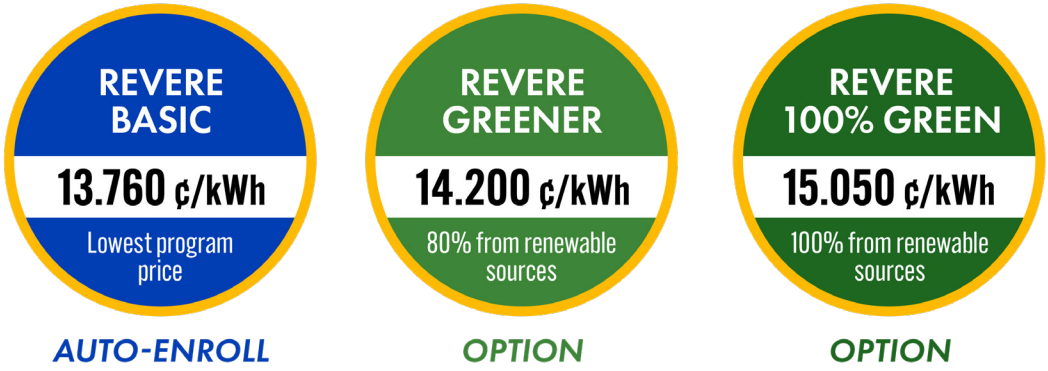

Your new electricity supply price:
13.760 ¢/kWh

Additional Information

Your electricity supplier will be Direct Energy. On your bill, you will see "Direct Energy - Revere Power Choice." But your primary relationship for electricity remains with National Grid, and you will continue to call them if your power goes out. In addition, National Grid will continue to send your electric bill, and this is the only electric bill you will receive as a participant in Revere Power Choice.

If you are eligible for a low-income discount or fuel assistance, those benefits will continue in Revere Power Choice.

If you have solar panels on your property or you participate in a community solar program, you will continue to receive solar credits and/or solar incentive payments, and participating in Revere Power Choice will not change how they are calculated.

If you have a tax-exempt account, you are responsible for requesting an exemption from the collection of any tax by providing appropriate tax-exemption documentation to Direct Energy. Visit ReverePowerChoice.com to learn more.

If you have received this notice and also you have signed a contract with an electricity supplier, you may have signed your contract after this mailing list was created. To continue receiving electricity from the supplier you chose and prevent an early termination fee from that supplier, **you must opt out of Revere Power Choice**.

The automatic enrollment model is in accordance with state law. More than 200 cities and towns in Massachusetts have similar programs, and all operate the same way. However, you are not required to participate. You may opt out at any time with no fee or penalty.

At the end of the contract with Direct Energy, the City intends to sign a new long-term contract. The electricity supplier and renewable energy content may change, and the price may be higher or lower than the current price. You will continue in the same program option at the new price unless you inform Revere otherwise. The City will provide advance notice of any such changes, and you will be free to opt out or change your option before the changes take effect.
