An important message from the Town of Southborough about a change in your electricity supply price

October 30, 2026

Your electricity account is enrolled in Southborough Community Power Choice, our Town's group electricity buying program. Since the program launched in 2018, Southborough electricity customers have saved more than **$11 million** compared with National Grid's prices, though future savings cannot be guaranteed.

Through the program, you receive a Southborough price for the Supply Services portion of your National Grid bill. Within the program, you are enrolled in the **Power Choice Standard** option, which provides the lowest price in the program.

Current program prices will expire in December, and new, 12-month prices will take effect.

- Your electricity supply price will change from 13.016 ¢/kWh to **15.883 ¢/kWh**. The current prices were secured in 2024, and electricity supply prices have increased since then.
- Your new price will be stable from December 2026 until December 2027.
- Your new price is **lower** than National Grid's current residential price. See the table for details. *Future savings compared with National Grid cannot be guaranteed.*

Your new electricity supply price:
15.883 ¢/kWh
Look for it on your January bill.

It's your decision. Make the choice that's right for you.

- **TAKE NO ACTION.** Your enrollment in the Power Choice Standard option will renew automatically at 15.883 ¢/kWh in December. You will see the new price on your January National Grid electric bill.
- **CHOOSE A DIFFERENT PROGRAM OPTION.** Power Choice Greener provides 50% of your electricity from new renewable sources in the New England region for 16.572 ¢/kWh. Or for 100%, choose Power Choice Greenest at 18.572 ¢/kWh.
- **OPT OUT.** Participation is not required. There is no fee or penalty to opt out, and you may do so at any time. If you opt out, you will receive National Grid's current Basic Service price. See the table for National Grid's current prices.

All of the new Southborough Community Power Choice prices are fixed until December 2027.

To choose a different option or opt out, visit SouthboroughCommunityPowerChoice.com or contact customer support with our program consultants at 833-272-9591.

Power Choice Standard comparison

Price and renewable electricity information	CURRENT	NEW	Compare to National Grid
Price	**13.016 ¢/kWh**	**15.883 ¢/kWh**	**17.185 ¢/kWh** - residential. **15.568 ¢/kWh** - commercial. **21.784 ¢/kWh** - industrial.
Price period	December 2024 to December 2026	December 2026 to December 2027	Aug. 1, 2026, to Jan. 31, 2027, residential & small business. Nov. 1, 2026, to Jan. 31, 2027, large business.
Electricity from new renewable sources in the New England region (MA Class I RECs) - *required**	30%	30%	30%

* In addition to purchasing the renewable energy shown in the table, the program's electricity supplier is required by state law to purchase renewable energy certificates (RECs) from other sources, including sources that are not new, are renewable but not clean, such as waste to energy, or are clean but not renewable, such as nuclear. This purchase must match 39% of participants' total electricity use.

Additional information

- **National Grid will remain your electric utility, and First Point Power will remain your electricity supplier.** National Grid will continue to deliver your electricity, send your bill, and address power outages. On your bill, your electricity supplier will continue to appear as "First Point Power (Southborough Aggregation)."
- **If you recently signed a private electricity supply contract and also you received this notice**, this mailing list may have been created before you signed your contract. **If you wish to remain in your contract, you should opt out of Southborough Community Power Choice.** Opt out online at SouthboroughCommunityPowerChoice.com or by calling customer support with our program consultants at 833-272-9591.
- **The automatic enrollment model is in accordance with state law.** More than 200 cities and towns in Massachusetts have similar programs, and all operate the same way. However, you are not required to participate. You may opt out at any time with no fee or penalty.
- **At the end of the new contract with First Point Power**, the Town of Southborough intends to sign another long-term contract. The electricity supplier and renewable energy content may change, and the price may be higher or lower than the current price. You will continue in the same program option at the new price unless you inform the program otherwise. The program will provide advance notice of any such changes, and you will be free to opt out or change your option before the changes take effect.
