- Your new price will be **lower** than all Eversource's current electricity supply prices, which are listed on the other side.

- Your new price will be fixed and stable until **December 2028**.

Additional information:

Your electricity supplier will change to First Point Power. On your bill, you will see "Chelsea Electricity Ch-First Point." But your primary relationship for electricity remains with Eversource, and you will continue to call them if your power goes out. In addition, Eversource will continue to send your electric bill, and this is the only electric bill you will receive as a participant in Chelsea Electricity Choice.

If you are eligible for a low-income discount or fuel assistance, those benefits will continue in Chelsea Electricity Choice.

If you have solar panels on your property or you participate in a community solar program, you will continue to receive solar credits and/or solar incentive payments, and participating in Chelsea Electricity Choice will not change how they are calculated.

If you have a tax-exempt account, you are responsible for requesting an exemption from the collection of any tax by providing appropriate tax-exemption documentation to First Point Power. Visit ChelseaElectricityChoice.com to learn more.

If you have received this notice and also you have signed a contract with an electricity supplier, you may have signed your contract after this mailing list was created. To continue receiving electricity from the supplier you chose and prevent any early termination fees from that supplier, **you must opt out of Chelsea Electricity Choice**.

The automatic enrollment model is in accordance with state law. More than 200 cities and towns in Massachusetts have similar programs, and all operate the same way. However, you are not required to participate. You may opt out at any time with no fee or penalty.

At the end of the contract with First Point Power, the City intends to sign a new long-term contract. The electricity supplier and renewable energy content may change, and the price may be higher or lower than the current price. You will continue in the same program option at the new price unless you inform the program otherwise. The City will provide advance notice of any such changes, and you will be free to opt out or change your option before the changes take effect.
