Weston Power CHOICE

Program Overview

Weston Power Choice is a Town electricity supply program that gives residents and business owners more choice and control over how we power our community. The program is a type of group electricity purchasing program that is currently used by more than 200 other cities and towns in Massachusetts.

Using the bulk buying power of our community, Weston Power Choice provides:

- A long-term, stable price.
- The potential to save compared with Eversource.
- The freedom to leave at any time with no fee or penalty.

A consumer-friendly choice

Weston Power Choice offers a competitive electricity supply price that is stable for the long term **without the obligation to sign a contract**.

The current Weston Power Choice price: 16.243 ¢/kWh.

This price will appear on your bill as $0.16243/kWh.

Price fixed from December 2026 – December 2027.

You are free to leave at any time with no fee or penalty.

While the program has a history of providing savings compared with Eversource, Eversource's future prices are unknown, so future savings cannot be guaranteed.

Most new electricity accounts will be eligible for automatic enrollment.

Have Eversource's Basic Service?

If you did not sign a private electricity supply contract, your account will be eligible for automatic enrollment within a few months, and you will receive a notification in the mail from the Town. State law requires the automatic enrollment model, but you are free to opt out before being automatically enrolled.

Have a private electricity supply contract?

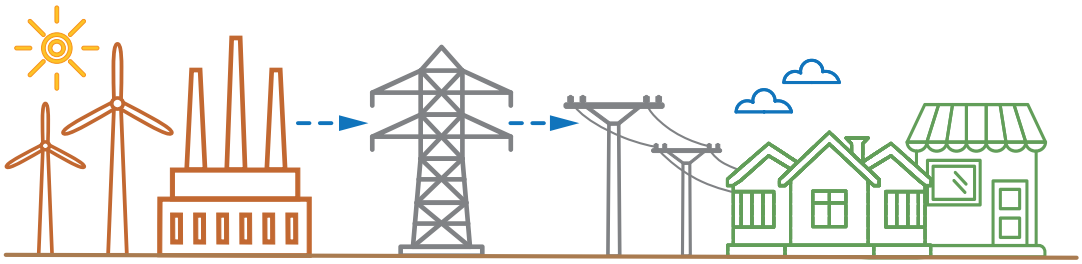

Your account will not be eligible for automatic enrollment, but you can request enrollment online at **WestonPowerChoice.com** or by contacting customer support with the Town's program consultants at **833-703-0532**.

Participation is never required, and you are free to opt out at any time with no fee or penalty.

That means you can opt out before being enrolled and remain with Eversource's Basic Service price, or you can try the program and opt out at any time in the future.

How Weston Power Choice Works

Weston Power Choice changes your electricity supplier and the price that Eversource uses to calculate the Supply charge on your bill, which is the part of the bill where you pay for the electricity you use. But Weston Power Choice does not replace Eversource as Weston's electric utility, and you will remain an Eversource customer.

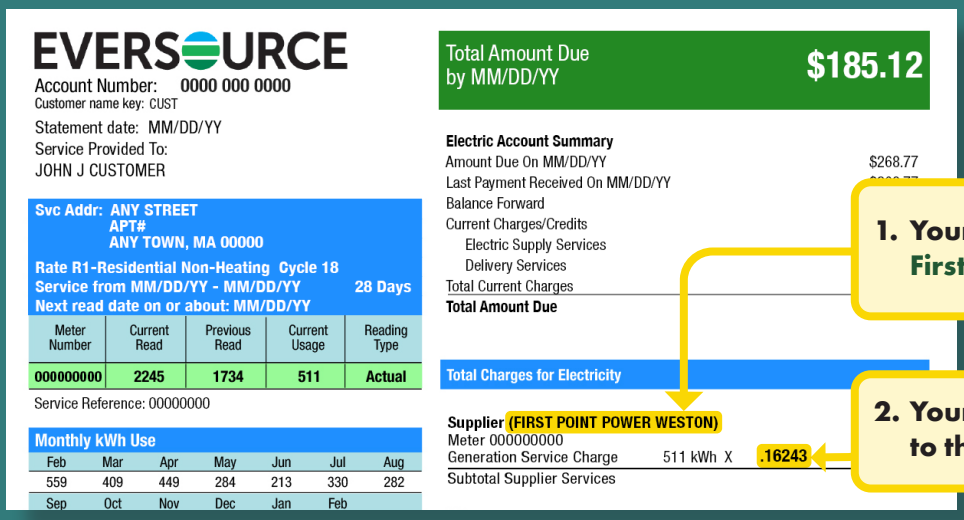

Supply
First Point Power buys electricity for you.

Delivery
Eversource continues to deliver your electricity.

Customer
You receive electricity with no change in service.

Just two key changes on your electric bill:

Subtotal Supplier Services

1. **Your electricity supplier will appear as First Point Power Weston.**
2. **Your electricity supply price will change to the Weston Power Choice price.**

Everything else remains the same!

Eversource continues to:

- **Deliver your electricity** and address power outages.
- **Send your electric bill** and accept bill payments (this is the only electric bill you will receive as a participant).
- **Provide fuel assistance**, a low-income discount, and/or Budget Billing if you are currently receiving these benefits.

The ONLY electricity supply program approved by and from the Town of Weston.
If you don't see the Town Seal, it's not from the Town.
